

KAISER DESIRES TO AVOID BREAK

Berlin Optimistic That Situation Will Be Satisfactorily Settled

MARTIAL LAW IN DUBLIN

Lord Lieutenant of Ireland Reports Situation in Dublin is Satisfactory

REPORT SINKING DESTROYER

LONDON, April 27.—A British official statement says:

"Zeppelins were reported over the east coast of Kent between ten and eleven o'clock Wednesday night. No reports of their operating far inland have been received thus far and as it is misty over East Kent it is probable that they turned back before midnight. It is reported that one bomb was dropped which fell into the sea."

Optimism prevails in Berlin that the situation between the United States and Germany arising from the American government's demand that Germany cease her present methods of submarine warfare, will be satisfactorily settled.

Emperor William is said to desire the carrying out of plans which will lead the two countries safely past the present crisis. The indications in Berlin are that Germany's reply to the American note may not be delivered until next week.

Martial Law in Dublin.

Martial law has been declared in the city and county of Dublin as a result of the revolutionary outbreak in Dublin city. The lord lieutenant in Dublin is satisfactory and says provincial advice is reassuring. Several positions taken by the revolutionists, notably St. Stephens Green, have been recaptured by the government forces and liberty hall, headquarters of the Sinn Fein party, has been seized.

North Lowestoft and Yarmouth were bombarded by the German squadron which attacked the eastern coast of England Tuesday. Four persons were killed and twelve wounded in the attack, London reports, and considerable material damage was done.

Berlin reports that in this raid the steamer King Stephen was sunk and her crew captured and also that a destroyer and scout boat were sunk and a cruiser set on fire. The Germans suffered no losses.

Acknowledges Ships Were Hit.

Great Britain has acknowledged that two cruisers and a destroyer were hit, but said no vessel was sunk. It was the King Stephen which recently refused to give aid to the crew of the Zeppelin L-19, while the airship was adrift in the North sea.

A report from Berlin also says that there was another engagement between British and German war craft off the coast of Flanders Tuesday, in which a British destroyer was damaged and an auxiliary steamer sunk, the crew of the latter being made prisoner.

London, Colchester, Blackwater and Ramsgate and other English towns and a large British supply depot at Etaples, France, were attacked by Zeppelins Tuesday night according to Berlin. London asserts that 100 bombs were dropped in this raid, but that no casualties have been reported and that the damage was slight. Paris says two British soldiers were killed at Etaples but that only insignificant material damage was done.

In infantry fighting in the Vosges mountains Berlin claims the capture to the northeast of the Celles of French first and second line trenches, while to the south of this region around Senones, the French say they frustrated a German attack against their position.

Aside from this fighting artillery bombardments and sapping operations have formed the chief method of warfare on the western front. The region of Avercourt, Hill 308, Esnes and Monteville, northwest of Verdun, continue the scene of violent artillery activity. The aerial corps of both the French and the Germans have been engaged in fighting in the air or bomb dropping maneuvers.

No reports of important events have been received from any of the other war theaters.

KILLS HUSBAND AND SUICIDES.

Springfield, Ill., April 26.—Mrs. William Brown shot and killed her husband, a barber, here today and then turned the revolver on herself and fired several bullets into her body, dying almost instantly. Mrs. Brown had just been discharged from a local hospital where she had been treated for a nervous affliction and it is believed she was insane. The couple had three children.

WILSON AND STONE DISCUSS INTERNATIONAL QUESTIONS

Conference is Devoted Chiefly to the Submarine Issue—Go over Events Which May Follow Receipt of Germany's Reply.

Washington, April 26.—President Wilson and Senator Stone, chairman of the senate foreign relations committee, discussed for an hour international questions facing the United States including the submarine controversy with Germany, the Mexican situation and Japan's protest against features in the house immigration bill, which will be taken up by the senate in committee tomorrow.

The conference was devoted chiefly to the submarine issue. While Senator Stone would not discuss the details, it is known that eventualities which may follow the receipt of Germany's reply to the last note sent by the United States were gone over thoroughly. The president did not attempt to minimize the gravity of the situation but he has not given up hope that a break in diplomatic relations with Germany may be avoided.

Senator Stone will lay the results of his conference with the president before the foreign relations committee. He left the conference apparently satisfied with its results. The president told him very fully his attitude in the German crisis. No new policies were discussed the president pointing out that the future course of the United States depended entirely on the German reply to the American note demanding immediate abandonment of her present methods of submarine warfare.

Secretary Lansing received today a report from Ambassador Gerard in Berlin on a conference between the latter and Chancellor Von Bethmann-Hollweg. The secretary would not discuss the report except to say that it was brief and required no reply. He continued to receive summaries of editorial comment on the submarine issue published in German newspapers.

Count Von Bernstorff, the German ambassador, it was learned today has sent to his foreign office suggestions on the submarine question, which he hopes will prevent a break in diplomatic relations with the United States.

JURY FREES MRS. ROGERS OF MURDER CHARGE ON GROUND OF INSANITY

Defendant Collapses When Foreman Announces Verdict, but Quickly Recovers Her Composure.

New York, April 26.—Mrs. Ida Sniffen Walter Rogers, who poisoned her two children on Dec. 29, 1914, was given her freedom in the supreme court here today after a jury had acquitted her of the murder of her two year old son John. The verdict was "not guilty on the ground of insanity." After the verdict was returned, the court dismissed, upon motion of the district attorney's office, another indictment charging her with the murder of her daughter, Florida, 8 months old.

Mrs. Rogers collapsed when the foreman of the jury announced the verdict, but she immediately recovered her composure and left the court room with the man who now is her husband and who was the father of her children.

"We are going away somewhere where there are flowers," Rogers replied when asked their plans. "We expected this result," District Attorney Martin, the prosecuting attorney, declared after Mrs. Rogers had been freed. "I think everybody feels that Mrs. Rogers has suffered enough by depriving herself of her children."

GIRL DISARMS AND BINDS HER MOTHER AFTER HAVING THROAT CUT

DECATUR, Ill., April 26.—Becoming violently insane while alone with her 16-year-old daughter, Salome Thomas, Mrs. W. J. Thomas of near Assumption today slashed the girl's throat with a butcher knife and then attempted to kill herself with the same weapon.

With blood spurting from her wounds the girl disarmed her mother and bound her with a rope. It is believed she will recover.

MEET FOR FIRST TIME

IN FIFTY-SEVEN YEARS.
Chicago, April 26.—Mrs. Susan Henley, 79 years old, and William Hartley, her brother, 85, met today for the first time in fifty-seven years. According to Mrs. Henley, Hartley left the old home at Independence, Iowa, for the west fifty-seven years ago. He returned from Portland, Ore., after locating his sister by means of a letter several weeks ago and the meeting occurred today at the home of Mrs. Henley's daughter, Mrs. Jean Goebel in Evanston, a suburb.

FINISHES HEARING ARGUMENTS

Chicago, April 26.—Whether minority holders of first and refunding gold bond mortgage will be allowed to file a bill of foreclosure against the Chicago, Rock Island & Pacific railway thru the Peabody committee will not be made known for at least two weeks. Judge Ferdinand A. Geiger today finished hearing arguments for and against the right of the Peabody interests to foreclose and announced that he would endeavor to give a decision within that time.

GOV. DUNNE SPEAKS AT ARMORY DEDICATION

DETAILS HISTORY OF SECOND REGIMENT ARMORY IN CHICAGO

Executive Assents Military Men Have Informed Him That the State Militia Has Made Splendid Progress in the Last Three Years.

Chicago, April 26.—Governor Dunne was the chief speaker at the dedication this evening of the Second regiment I. N. G. armory on West Madison street, between Washenau avenue and Rockwell street, completed at a cost of \$475,000, after nearly a year and a half work.

Besides Governor Dunne the speakers were United States Senator James Hamilton Lewis, Chicago; Adjutant General Frank Dickson, I. N. G., Springfield, Ill.; Mayor Thompson of Chicago, Speaker of the Illinois House of Representatives David Shanahan, and Colonel John J. Garrety of the Second regiment, I. N. G. The building covers a space of 236 by 256 feet and is three stories high.

Governor Dunne, in his address, detailed the history of the building and showed that the state now owned and occupied military buildings worth \$1,497,849. He said military buildings to cost \$410,000 were under construction by the state. The buildings now open or under construction the governor noted as follows: Chicago, four; Aurora, Galesburg, Ottawa, Kewanee, Quincy, Woodstock, Springfield, Camp Logan, Camp Lincoln, Kankakee, Monmouth and Peoria, one each. The governor said military men had informed him that the state militia had made splendid progress in the last three years, United States army inspectors being among the men who had investigated the work of the Illinois troops.

The governor reiterated his approval of the so-called "pay bill" which provides a fixed sum for each private and officer for each regular drill of his organization provided such officers and privates attended at least forty drills a year.

"I have insisted on refusal to permit politics of any kind," said Governor Dunne, "to be introduced into our national guard. Its officers have continued to serve without charge, except as promotion came thru merit or they voluntarily retired. I set my heart and hand against political interference with our military establishment and I am glad to say I have maintained this ideal."

INDIANA DEMOCRATS NOMINATE TAGGART FOR SHORT SENATE TERM

INDIANAPOLIS, April 26.—Indiana Democrats in their convention here today nominated Senator Thomas Taggart for the short term in the United States senate, ratified the nomination of the March primary of Senator John W. Kern for the long term and Representative John A. M. Adair for governor; nominated a state ticket; adopted a platform and named four delegates at large to the national convention and presidential electors.

Senator Taggart's nomination was by acclamation. In a short address the senator declared that he was "for peace—both peace with honor." At a meeting of the delegates to the national convention late today Edward G. Hoffman of Fort Wayne was unanimously elected as Senator Taggart's successor as a member of the Democratic national committee.

CHARGE GERMAN AGENTS SOUGHT TO SHIFT RESPONSIBILITY

NEW YORK, April 26.—Charges that German agents had sought to shift responsibility for the sinking of the steamship Lusitania to the Cunard Steamship company by attempting to persuade survivors to sue the owners of the liner for damages on the ground of negligence were made at a meeting here today of persons who were passengers on the ill-starred vessel Joseph L. Myers and James L. Leary declared they had been approached by a lawyer, now under indictment for alleged violation of the neutrality laws and told them if they would bring suits against Cunard line for \$50,000 he would see that they received the money whether or not they won their cases. The meeting was called by a committee of survivors to take measures for concerted action to recover for losses. A committee of lawyers was appointed to call a meeting of the legal representatives of all survivors on Saturday to prepare for united action. They will report to the survivors on Monday.

NICHOLAS HUNT WILL RESIGN AS CHIEF OF CHICAGO DETECTIVES

CHICAGO, April 26.—Chief of Detectives Nicholas Hunt announced tonight to Chief of Police Healey that he would formally present his resignation to the mayor tomorrow. Hunt has been acting under sixty day appointment, renewed at the expiration of each period. Friction has been reported in the department and the resignation has been predicted for some time. It follows on the heels of announcement of the civil service commission that an examination would be held soon for chief of detectives.

WILSON REPLIES TO MESSAGE OF DEMOCRATIC CONVENTION

Springfield, Ill., April 26.—A letter replying to a telegram sent last Friday by the Democratic state convention to President Wilson was received here today by Attorney General Lucey, whose name as chairman of the convention was signed to the message, which pledged the loyalty and faith of the convention to the president.

The reply of the president follows: "My Dear Mr. Lucey: "May I not express to you and thru you to your associates my genuine appreciation of your generous telegram of April 21? Such messages of approval and confidence hearten me greatly. "Cordially and sincerely yours, (Signed) "Woodrow Wilson."

NASHVILLE LAWYERS QUARREL IN OFFICE; ONE IS KILLED

NASHVILLE, Tenn., April 26.—Charles C. Trabue, prominent Nashville lawyer who this morning killed Stokes' office while the two lawyers the taxpayers in the court investigation was released late today on \$25,000 bond. Trabue waived examination and was bound over to the criminal court.

The circumstances surrounding the killing, which occurred in that he had killed Stokes and subordinates together had not been fully learned tonight. Trabue consistently refused to make any statement.

Persons in adjoining offices said they heard sounds of a struggle until shots were fired and that immediately afterwards Trabue came out of the office and announced quietly that he had been arrested. There had been frequent clashes between the two lawyers during court proceedings in the city investigation. Trabue several times complained to the presiding officer that he regarded Stokes' remarks about him as contemptuous.

UNABLE TO AGREE ON BILL

Washington, April 26.—House Democrats in caucus tonight were unable to agree upon the Philippine independence bill notwithstanding a letter from President Wilson unequivocally endorsing the measure as it passed the senate. After several hours speech-making the caucus adjourned until tomorrow night on the suggestion of Speaker Clark, who advised his colleagues to take further time to look the matter over.

Chicago, April 26.—The fifty-year-old Amateur Athletic Union championship swim was won tonight at the Chicago Athletic association tank by Duke Kahanamoku of Hawaii. The time was 23:45, within one fifth of a second of the record for the distance.

EXPLAINS ATTITUDE TOWARD ARMED SHIPS

SECRETARY LANSING MAKES OFFICIAL DECLARATION PUBLIC

Reiterates Purpose of American Government to Recognize Right of Peaceful Vessels to Carry Arms for Defense.

Washington, April 26.—An official declaration of the attitude of the United States toward armed merchant ships, made public today by Secretary Lansing, reiterates and explains the purpose of the American government to recognize the right of peaceful vessels to carry arms for defense and at the same time while referring only to warships generally, clearly sets forth the conditions under which the United States holds submarines may attack merchant craft. The declaration was issued in the form of a memorandum prepared by Mr. Lansing at President Wilson's direction during the secretary's brief vacation last month. Copies of it were given to each of the embassies and legations here, and while no official explanation was forthcoming as to the purpose of publishing the memorandum at this time, it is assumed that at least the substance of it will reach the Berlin foreign office before a reply is dispatched to the American demand for abandonment of Germany's present methods of submarine warfare. This would serve to answer in advance certain questions which cable dispatches have indicated the German government was inclined to ask.

In connection with the memorandum, it was stated that the state department now was awaiting a response from Great Britain to a request for copies of orders to armed British merchant vessels. Germany has charged that these ships were instructed to act aggressively against submarines and has submitted photographic copies of orders taken some time ago from captured craft. This evidence is not considered conclusive here, however, as the United States will base its position on orders now in effect. During the long drawn out negotiations following the sinking of the Lusitania, Secretary Lansing has stated in general terms nearly all of the postulates which he lays down in today's declaration.

An effort is made to differentiate between an armed ship in a neutral port and the same vessel on the high seas. In the first case it is shown that the United States government is concerned solely to protect itself against any charges that might be made by one of the belligerents that it had allowed American ports to be used as a base for hostile operations by its enemy. Mr. Lansing insists that the neutral government is to be the sole judge of the status of armed merchant ships in its ports in the absence of any settled rule of international law. A commission or orders from a belligerent government to conduct aggressive operations under penalty of punishment for failure to do so would stamp the vessel as a warship. In the absence of such evidence the neutral government may lay down its own rules of evidence to determine the character of the ship and moreover these rules may be changed or modified during the progress of the war. Commenting on this portion of the memorandum a high official of the state department admitted that the refusal of the American port authorities to clear a vessel might be taken as a notice to the public that she was regarded as a warship, not entitled to immunity for her passengers.

APPEAL TO STATE DEPARTMENT IN BEHALF OF MISS MASARYK

CHICAGO, April 26.—An appeal to the state department in behalf of Miss Alice Masaryk of Prague, who is soon to be tried in Austria on charges of treason, was sent today by the Chicago Women's club and other women's organizations. Many individual appeals also are being made. Miss Masaryk is well known here, having spent nearly a year at the University settlement. Her mother is an American and her father a professor in the University of Prague. He refused to take up arms against Bosnia and Serbia and was for this tried for treason. Imprisoned by prominent Bohemians saved his life. His daughter stood by him and now she faces trial on charges of high treason.

MORGENTHAU EXPECTS ACCEPTANCE OF HIS RESIGNATION TODAY

NEW YORK, April 26.—Henry Morgenthau in a statement made today said he expected the acceptance of his resignation as Ambassador to Turkey tomorrow or Friday after which he would plunge at once into the campaign to re-elect President Wilson.

"There isn't going to be any trouble about money for the campaign," he said. "It is already assured that there would be plenty of money for our needs. It isn't going to take a great deal anyway."

Mr. Morgenthau said there was absolutely no foundation for the report that he would succeed William F. M. Combs as chairman of the Democratic national committee.

ATTEMPTED LYNCHING FAILS THRU PROMPT ACTION OF OFFICIALS

Sheriff Rushes Fred Bissell, Charged With Assaulting and Murdering Ten Year Old Girl, Away From Lawrence, Kans., Jail.

Topeka, Kans., April 26.—An attempt on the part of the mob formed in Topeka tonight to lynch Fred Bissell at Lawrence, where he was taken for safe keeping, failed thru the prompt action of state and county officials, who caused the prisoner to be taken from jail and hurried away in an automobile. Bissell is charged with assaulting and murdering Edna Dinsmore, a ten year old girl, whose body was found in a burning vacant house in Topeka yesterday morning.

When knowledge of the departure of the mob in automobiles reached Governor Arthur Capper tonight, he sent a message to Sheriff Cummings at Lawrence, urging that Bissell be removed to evade the mob. He advised that Bissell be taken to the state penitentiary at Lansing, until the time of his trial.

Sheriff Kiene of Topeka, who was in Lawrence to serve a warrant on Bissell, immediately took charge of the prisoner and accompanied the deputies, left the city in a large touring car. It is believed he started for Lansing.

About the time the would-be lynchers left here for Lawrence another mob stormed the county jail under the belief that Bissell had not been taken from Topeka. Officers addressed them and finally a committee of citizens examined the jail to satisfy the men that Bissell was not confined there.

Takes Prisoner to Lansing

Lawrence, Kans., April 26.—Sheriff Kiene of Shawnee county arrived at midnight at the Kansas penitentiary in Lansing with Fred Bissell. A fast run was made from Lawrence.

TROOP OF CAVALRY ARRIVES AT COLUMBUS FROM BOCA GRANDE

COLUMBUS, N. M., April 26.—A troop of cavalry arrived here today having been withdrawn from Boca Grande, 25 miles south of the border, and on the old motor trail used by trucks south bound for the front. The new road which is said to be better and shorter, cuts off the American camps at Boca Grande and Esplanade, necessitating fewer troops to guard the line of communication. Official reports upon the engagement at Tomache, April 22nd, in which Colonel Dodd's command routed 260 Villistas with heavy Mexican losses but with only two American casualties failed to add materially to press reports.

All reports reaching here today indicated that beyond a few local movements necessary for the preservation of the American line, General Pershing's command remains inactive and concentrated in the main about Namiquipa and Colonia Dublan.

ASSERTS CASE AGAINST LORIMER IS BASED ON SECONDARY EVIDENCE

CHICAGO, April 26.—Albert Fink, attorney for William Lorimer on trial in Judge William Dever's court on charges of conspiracy growing out of the failure of the LaSalle Street Trust and Savings Bank asserted in his argument today that the case against the one time United States senator was based on secondary evidence, theory, conjecture and supposition. It is by such presentation, he said, the state bases its hope of convicting Lorimer.

In his argument, which is expected to continue the remainder of the week, attorney Fink told the jury that the state has not introduced one circumstance or a minimum of evidence to support any of the counts in the conspiracy indictment. A number of authorities were cited in support of the attorney's assertion that the state was wrong in its interpretation of the various points.

TWO MORE PLANTS CLOSE.

Pittsburgh, April 26.—The closing of the plants of the Westinghouse Airbrake company and the Union Switch & Signal company and the arrest of Frederick H. Merrick, former editor of a Socialist newspaper, on a charge of inciting to riot, were the principal features in the connection with the strike of the employees of the Westinghouse Electric & Manufacturing company in East Pittsburgh today.

Notices posted at the gates at both closed plants said the action was taken because the companies could not get adequate protection for their employees.

WEATHER INDICATIONS AND TEMPERATURES.

ILLINOIS: Partly cloudy and continued cool Thursday; Friday probably fair in north and cloudy in south portion; somewhat warmer.

DRAFT INSTRUCTIONS FOR GEN. SCOTT

To Assist Chief of Staff in His Conference With Obregon

RENEW HUNT FOR VILLA

Funston Reports Engagement Between Dodd's Column and Band of Villistas

TWO TROOPERS ARE KILLED

TORREON, Mexico, April 26.—American Consul Coen at Durango City has advised all Americans to leave the city and is himself considering the advisability of going to the border. A serious situation has been caused thru the violent anti-American agitation which has been carried on by Durango newspapers since the American soldiers and Mexicans clashed at Parral.

WASHINGTON, April 26.—General instructions for the assistance of Major General Hugh L. Scott at his forthcoming conference with Carranza war minister, General Obregon, were drafted by Sec. etary Baker today after brief conferences with President Wilson and with Secretary Lansing of the state department. General Obregon was due at Eagle Pass tonight, but as no definite word had been received from him as to the time and place of meeting the instructions will reach General Scott in ample time.

The only official statement as to the nature of instructions was the following issued by Secretary Baker: "The instructions are to discuss a basis for the most cordial and complete co-operation between the American and Mexican forces in the attainment of their common object." Result Will Have Strong Influence.

While the immediate object of the conference is, as stated, a question of military dispositions to put an end to bandit operations along the border, there is no doubt that its result will have a strong influence upon the diplomatic negotiations between the two governments. Suggestions of the conference would receive attention both here and in Mexico City.

It is considered certain that General Obregon will carry back to Mexico City on his return a definite impression that the American troops will remain in the positions to which General Funston now is shifting them as a buffer between the disturbed area of Northern Mexico and the border until the success of the Carranza forces in pursuing the bandits removes the danger of further raids on American towns. It also is virtually certain that the intention of the American forces to police thoroughly all the territory in the immediate vicinity of their advanced bases will be made clear. To this extent the conference will give General Carranza advanced notice of the attitude the United States will take in replying to his note of April 12th, suggesting the withdrawal of the forces. Officials hope, however, that its more immediate result will be to clear away the misunderstanding and suspicion with which the movements of American troops have been regarded by local Mexican commanders and officials; to free supply shipments for the troops from interference which they have met heretofore and perhaps to make possible real joint operations for the capture of Villa.

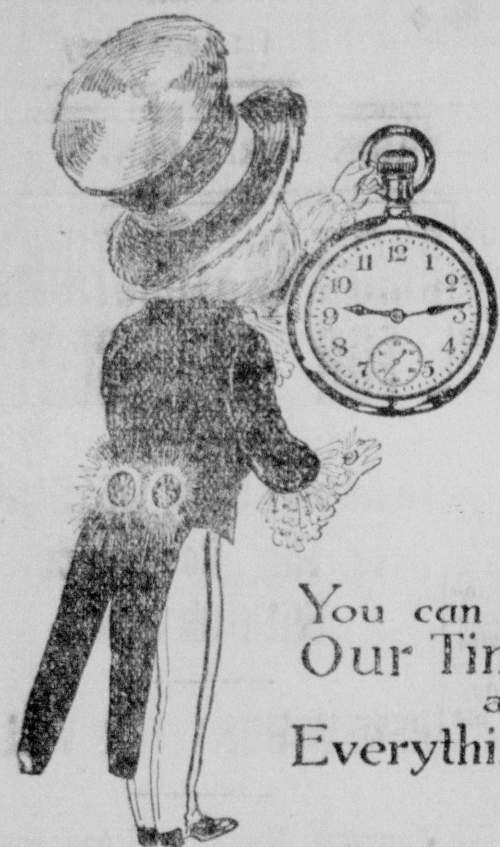

While it is not known that the orders mention Villa, General Scott may point out to General Obregon that the most effective way to secure early withdrawal of the American forces from Mexico would be to lend all possible aid in the chase of the bandits.

With this elimination, either by American or Mexican troops, it is believed the Washington government would agree to an immediate retirement of the expedition across the border.

Renewal of Hunt in Progress

A renewal of the hunt for the bandit by American troops now is in progress, both official reports from General Funston and border advisers disclosed. The cavalrymen, despite the worn condition of their mounts, are beating the mountains where Villa adherents have been assembling during the lull in the chase after the Parral incident. No information as to the whereabouts of Villa himself has been received. The war department gave out this dispatch from General Funston: "Following just received from General Pershing: "Namiquipa, April 25th. "A report dated April 24th, received today from Colonel Dodd whose column of four troops, seventh cavalry, has been operating south-west of Minaca, states that he over-

Wilson's friends are fond of emphasizing the difference between him and Bryan—so far as their intellectual processes are concerned, that is. In a recent magazine article Mr. Bryan has himself emphasized one such point of difference, namely, his own ability to recognize a political fact. In the "Independent" of a recent date Mr. Bryan writes: "The number of recruits thus far won from the [Progressive] Republicans is not encouraging—in fact, it is disappointing."

"It is doubtful if American prosperity was ever so fully in the flood tide as today," says a Democratic contemporary. It is certain that never before were so many men engaged in war and so urgently in need of the commodities we have to sell. For example—one firm of horse and mule buyers in Kansas City has, in the past 18 months, paid out \$60,000,000 for animals for shipment to Europe. That is business transacted by one firm in one town. When American horse owners are getting cash at that rate for animals they don't need, is it any wonder that "prosperity" was never so fully in the flood tide?

A New Industry for Canada.

In Canada, manufacturers are turning their attention to the establishment of a toy industry, wood pulp being one of the raw materials to be utilized in the new industry. This is interesting information in the United States in view of the fact that Secretary of Commerce Redfield announced several months ago that his department is cooperating with Swiss manufacturers to enable them to build up a toy industry in the United States. Germany and Austria were exporting toys to the amount of \$26,000,000 annually before the war. A large part of these come to the United States. After the war is over, Germany and Austria will resume their manufacture of toys for this country unless a protective tariff shall be enacted which shall secure this market to the men and women who are unwilling to work for the low wages paid to toy makers in Europe.

The Utility Company and the City.

Judging from recent action by the city council on light company petitions, affairs between the city and company are getting to a state where there must be a clear understanding. There has been too much "changing of front" in the past and it will be just as well for all parties concerned to have affairs understood in their real condition. If the company has a settled policy of opposing public improvements, it is just as well that the people understand it. One great trouble with the utility situation is that settlement of differences has been so long delayed. It was three years ago or more that franchise discussion began and yet the franchise

THE PIPEDREAM BOY

"My son," I heard the father say, "The boys are playing ball today, so, prithee, cease your round of idleness, your delving in the fertile soil, desert the onion and the bean, and join the lads upon the green. For growing boys should romp and play, and not plant squashes all the day." "Oh, father dear," the boy replied, "I take more pleasure and more pride in raising pumpkins which will wear blue ribbons at the county fair, than I would in trifling, after all. What shall I profit any youth to make a three base hit, forsooth? Let idlers all such games pursue, and entertain an idle crew, while I am raising things to eat, the prune, the nutmeg and the beet, the little early riser pea, the wiener and the banyan tree." The father burred for a snell, and then he tottered to the well, with feeble, slow and halting tread, and there awhile he soaked his head.

DATES IN ILLINOIS HISTORY.

April 27, 1790—St. Clair county, the first of Illinois counties, was established by order of General Arthur St. Clair, first governor of the Northwest Territory.

question was never settled. Indications now are not of a hopeful kind as to the relations between the company and the city, yet it is too early to assume that the company is going to continually oppose improvements and to thus act in a way which will have the disapproval of the great majority of the people.

A Great Convention.

The national laymen's missionary congress is now in progress in Washington and represents one of the biggest movements ever undertaken by laymen. The records show that more than 100,000 men have attended the various conventions and the gain in attendance in eight years has been sixty per cent. The sessions will take on particular interest because the assemblage faces new conditions brought about by the war in Europe and it is expected that the present congress will have a large influence in shaping the missionary activities of the next decade. Men never before active in religious work have taken an interest in the big movement.

Not Ready for Independence.

The petition filed with congress signed by a vast number of influential Filipino citizens protesting against the Jones bill is a somewhat notable document. The petitioners in the case are Filipino citizens who have their homes in the island and they declare that the independence for the island provided for in the Jones bill would be a detriment to the Philippines and mean a backward step for the island. They aver that the people there are not ready for self-government and that the protection of the United States is essential. Evidence continues to accumulate that the effort on the part of the Democrats to pass the Philippine independence bill will meet with sturdy opposition from those most interested and best informed on the subject.

Slandered Washington.

A trial wholly unusual in American jurisprudence is to begin today in Tacoma, Wash. when Paul R. Haffer, a socialist, is to be tried on the charge of criminally libeling George Washington, first president of the United States. The defendant was arrested on charges filed by a Tacoma attorney following the publication of the defendant's letter in which he accused Washington of using liquor to excess, indulging in profanity and exploiting slaves.

When Haffer was arraigned April 1, the prosecutor took the ground that all Americans should be regarded as children of George Washington and that any citizen, therefore, might bring suit for libel on behalf of the father of his country. The progress of the trial will be watched with great interest, and a conviction would mean the establishment of new court precedent. The natural question would come as to what other eminent Americans in addition to George Washington must be immune from criticism.

SCHOOL BOARD AFFAIRS

During recent days there has been a good deal of discussion of the advisability of having entirely "new blood" in the new board of education. The sentiment has been expressed without any particular criticism of members of the last board of education, that because of certain factional differences, that the best thing would be to start with a new board and elect nine new members and a president who were not biased in any way by the happenings of the past and who would simply meet the problems of the future as they came. Now comes a suggestion at variance with the previous program, and that is for a board to be made up wholly of members not experienced in school affairs and not at all conversant with school problems, would handicap the board to a large extent.

The argument is made, and there is some foundation for it, that if some of the former members were elected upon the new board, that their experience and knowledge, in school matters would be of distinct value to the incoming board. Thus far there has not been a great rush of candidates. There are possibly a considerable number of men and some women who are considering being candidates, but they are waiting until the boundaries of the school district have been outlined and the election day set by the township trustees.

It is more than likely that a greater number are deterred from announcement by uncertainty as to what line the campaign will take. If to be a candidate means that an active campaign must be waged for election and that lines are to be sharply drawn along old factional differences, they do not want to enter the lists. As the days go by seemingly the chances are better for putting personal or factional questions in the background and considering in a larger way the best interests of the school system. As previously stated, the president and members of the board must serve without salary and the only compensation will be the honor conferred by election and the satisfaction which comes from the knowledge of having performed a public service in a way beneficial to the schools.

While the question has not been discussed extensively within recent months, the idea of establishing a township high school in Jacksonville has been frequently considered and there are many people here who have looked into the question and believe that the solution of the high school development will eventually mean the township high school. This is said to be educational history in the average city. Some of the strongest believers in a township high school

plan have suggested that the present time would be exceedingly opportune to secure one if the township trustees would make the boundaries of the school district coincide with the township boundaries instead of using the boundaries of the present school district.

The trustees have authority under the law to designate the school district and it is said that if they so desire, there is nothing to prevent their including the whole township within this district and thus make a sufficient tributary territory for a township high school. The matter of divorcing the high school from the present school system it is said would rapidly be worked out. The argument for township high schools is that with passing years greater and greater demands are made on high schools and courses are constantly broadening and inevitably the general expenses increase. Locally as large an amount as can be raised from taxation for school purposes has been reached and yet this sum is not sufficient to meet the whole expenditure. The increased cost has come almost altogether in the high school. The tendency of educational work is such that still further increases are almost certain, and those who have studied the township high school plan believe that it offers the way for securing greater funds by increasing the amount of property which may be taxed.

Because of the passage of the law which obligates each school district to furnish high school advantages to the pupils resident therein, there will not likely be the opposition to the high school plan in this township which would have developed in some former years.

GENERAL METHODIST CONFERENCE SOON AT SARATOGA SPRINGS

Jacksonville Will Be Represented By
Dr. F. A. McCarty and Dr. J. E. Harker at Greatest Methodist Gathering—Illinoisans Will Urge Dr. Van Cleave As One of Bishops.

Jacksonville will have two representatives at the general conference of the Methodist church which will be held at Saratoga Springs during the month of May. Dr. F. A. McCarty is the ministerial delegate and Dr. J. E. Harker will be present as a lay delegate, attending in place of J. W. Jackson of Palmira, who was appointed but is unable to attend. Rev. C. F. Buker of Mattoon will go as a delegate in the place of Rev. Preston Wood, deceased.

One of the important matters to parts of the world, representing election of several bishops and the Illinois delegation will seek to have Dr. Joseph W. Van Cleave, now superintendent of the Decatur district, honored in this city. Dr. Van Cleave is one of the strong men of the church. The Illinois conference delegates to the conference are the following:

The opening session of the convention will be on Monday, May 1, at Saratoga Springs, N. Y. The body will continue to meet during the entire month of May.

Eight hundred delegates from all parts of the world, representing clergy and laymen will sit in the convention. The body is purely a legislative one, and with the exception of the British Parliament is the largest body of that character in the world. Presiding from day to day without a voice or vote in the proceedings, will be the bishops of the various districts.

May Unite Church Branches

One of the most important questions to come before the conference will be the meeting of the two branches of the Methodist church of America. These are represented by the Methodist church, and the Methodist church, South. The latter branch of the church has existed since civil war times, and an effort will be made to unite both bodies into one organization known as the Methodist church of America.

Other matters to be taken up and disposed of are the election of eight or ten bishops, the election of a general secretary and the naming of editors of the various church papers. Church benevolences will also be given considerable attention. The benevolences of the Methodist Episcopal church, which has the largest membership of any denomination of the protestant faith in the world will be a subject of special consideration.

The church as a body carries on extensive missionary obligations, and also expends in addition to this work a vast sum in school and other lines of real philanthropy.

Methodism in U. S.

Methodism began in America with the arrival of Philip Embury and Barbara Heck, Irish emigrants, who were enthusiastic in the propaganda of their faith. John Wesley, who was the founder of Methodism in England, remained at the head of American Methodism until the Revolutionary War severed relations between England and the United States. All of the preachers with the exception of Francis Asbury returned across the sea, whereupon, Sept. 2, 1784, John Wesley ordained Dr. Thomas Coke to be Superintendent of Bishop of the Methodist Societies of the United States of America. There are now twenty bishops and seven Missionary Bishops serving the Methodist Episcopal church throughout the world. The former are elected by General Conference and located for periods of four years each in cities which are designated Episcopal residences. The latter

ter are elected by General Conference for continuous service in specific fields.

The Methodist Episcopal church was organized at Baltimore, Maryland, at the so-called Christmas Conference, December 24, 1784, to January 2, 1785. At that time there were 104 preachers and 18,000 communicants. There are now over 15,000 preachers and 4,033,123 members. In the early days of the Methodist church the salary of a preacher was \$64. If married, he received the similar amount for his wife, with \$16 for each child under six and \$22 for each child between six and eleven.

STATE JOURNAL TELLS STORY ABOUT RECENT CONVENTION

Gives Details of Combination of Forces Whereby Mayor Thompson of Chicago Becomes National Committeeman.

Lewis H. Miner of the Springfield Journal was a candidate for member of the state committee from the twenty-first district, and following an extremely bitter fight was defeated by James McClure of Carlinville. The State Journal's story of how the state central committee was organized and how Mayor Thompson of Chicago was able to carry off the national committeemanship prize is related as follows:

"The story of how Mayor William Hale Thompson, suffering defeat in the Republican primary election in Chicago, emerged from the Peoria state convention with the national committeemanship prize forms an interesting chapter in the history of 'inside' Illinois politics.

"After the tilt in the state convention in 1914, Senator Sherman suspected that Deeneen had become indifferent to his interests. The result of the senatorial campaign in Chicago, where Sherman ran far behind the Democratic nominee, tended to confirm this suspicion. It became a conviction when, in the last primary election, Sherman discovered evidence of a movement to prevent the election of pro-Sherman men to the state committee in districts where the senator is particularly strong.

"Probably the most embarrassing incident of the primary campaign was a fight made in Sherman's home district. With no thought of opposition on the part of any one, Sherman selected as his candidate for committeeman, Lewis H. Miner of Springfield. James McClure of Carlinville, insisting that he, too, was Sherman's friend, became a candidate and a bitter fight resulted. Miner was defeated at Peoria without a committeeman from his home district. He was weakened, too, by the enforced absence of Charles Williamson of Quincy, who was ill.

"When the count of noses was made, it was found that the Serman and Lowden factions of the party, acting together, could muster only twelve votes. Governor Deeneen had eight, counting McClure and Committeeman Ray Anderson, both of whom had made the race as avowed friends of Senator Sherman, but who, as predicted, immediately lined up with Deeneen.

"From the wreck of his defeat in Chicago, Mayor Thompson had saved three committeemen. Mayor Harley of Aurora also was with him and Thompson was, therefore, in a position to command respect so long as Deeneen and Sherman remained apart. Few knowing politicians, however, believed it would be impossible to heal the Sherman-Deeneen breach. The common prediction was that Sherman and Deeneen would get together, that Sherman would be permitted to organize the state committee and that Deeneen's friend, Roy O. West, would be re-elected national committeeman.

"But there was no compromise. For days before the Peoria convention, Medill McCormick, leading the Progressive prodigals back to the Republican fold, labored with Deeneen in an effort to reconcile the former governor to the election of Fred E. Sterling, for years one of Deeneen's closest political henchmen, as state committee chairman. Deeneen would have none of Sterling. He would rule the committee absolutely or he would have nothing to do with it.

"The choice of two situations was offered the Sherman-Lowden-Burnside forces: Either to surrender their larger forces unconditionally to Deeneen or else accept Mayor Thompson's terms of coalition. Thompson was told that he could be national committeeman and the state committee was organized against Deeneen."

SOCIAL EVENTS

Mrs. Henderson Hostess To Caritas Club.

Mrs. E. E. Henderson entertained members of the Past Noble Grand club of Caritas Rebekah lodge No. 625, Wednesday afternoon at her home, 830 North Church street. After the business session, which occupied the early hours of the afternoon and was conducted by Mrs. Charles Seymour, the president, the women devoted themselves to sewing and later enjoyed a social hour. Pleasing refreshments were served.

Strawn's Crossing Club.

Has Profitable Meeting. Mrs. J. W. Strawn, 800 West North street, entertained members of the Strawn's Crossing Woman's club in regular session Wednesday afternoon. Memoirs answered with the names of wild flowers when the roll call was called. A paper prepared by Mrs. Homer Cully and read by Mrs. Ben Lurton treated "Vesuvius and the Last Days of Pompeii." Mrs. J. W. Strawn gave an interesting talk on vegetable gardening, and Mrs. Edward Phillips discussed the preparation of the soil for the bedding of plants. "Charming Dishes" was the subject of a paper by Mrs. Charles Cox. At the business session Mrs. A. D. Arnold was voted into membership. A delicious luncheon was served.

Mrs. Andrew Harris and Mrs. Austin King were announced as delegates for the twenty-fifth federation meeting to be held next week in Virginia, the alternates being Mrs. Charles C. Cox and Mrs. Frank Green. The next meeting will be held Tuesday, May 2, with Mrs. Edgar Boston on North Church street.

Meeting of Phi Alpha Literary Society.

At the regular meeting of Phi Alpha Literary society Wednesday night at Beecher hall, Illinois college, the following program was carried out:

Essayists: Walter Heath, "Phi Alpha Past, Present and Future," Paul Watkins, "George Washington at Illinois College," John Irwin, "The Development of the Magazine." Declaimers: Albert Lee, "The Loss of National Character," William McElroy, "Fragments from Real Life," Russell Quisenberry, "Regulus to the Carthaginians." Orator: Oscar Stine, "Imperialism."

Extempore speaker: Ernest Rathenford, "Why and Wherefore?" The question for debate was "Resolved, that a literary test should be added to our present restriction on European immigration." Wilson Akers and Robert Neenan upheld the affirmative against Byron Underwood and Ralph Newell. The decision went to the negative and the house voted the merits to the affirmative side.

American Music is Wednesday Class Theme.

Members of Wednesday class gathered for a pleasant afternoon Wednesday at the home of Mrs. F. E. Farrell on West College avenue and a program of American music was enjoyed. Mrs. Sarajane Matthews Brown, who had the program in charge, in an interesting historic resume, traced American music from the hymn tunes of the Puritans to the founding of the Boston Symphony orchestra in 1881 and the spread of musical culture in America today. A delightful program was given by Mrs. Brown and Miss Ruth Duncan, both of whom responded generously to enthusiastic requests for encore. The rich notes and charming interpretation of Mrs. Brown and her evident enjoyment of the songs, coupled with Miss Duncan's sympathetic accompaniment and exquisitely rendered selections, afforded an afternoon of rare pleasure which Wednesday class will not soon forget.

Following are the program numbers:

The Star Rogers Day is Done Lang O That We Two Were Maying, Nevins Will o' the Wisp Stross Mrs. Sarajane Matthews Brown, soprano. Nautilus and M. D. C. Vi. cea pieces MacDowell Idyll Hinton Miss Ruth Duncan, piano. Pierrot Jessie Johnson Down in the Forest Ronald List the Trill in Golden Throat Herbert Mrs. Sarajane Matthews Brown, soprano. Mrs. Brown responded charmingly with "If I could Call the Years Back," Isabel Stewart North and this selection she sang twice by request. "Sweet Miss Mary" by Neidlinger was received with pleasure. Miss Duncan's interpretation of Narcissus as an encore was much appreciated. A delightful social hour followed the program, at which time refreshments were served.

D. O. K. K. Dances Will Be Continued.

About fifty young people were present Wednesday evening at the dance given by members of Ilderim Temple No. 62, at Castle hall. The question of continuing the series was put to a vote and carried unanimously. The next dance will be announced at an early date.

Miss Elsie Howe to Wed Chas. Lee.

Announcement has been made of the marriage of Miss Elsie Howe, daughter of Mr. and Mrs. D. M. Howe, to Mr. Charles S. Lee of Chicago. The ceremony will be said Tuesday morning, May 2, at 8:30 o'clock, at the Church of Our Savior. Miss Howe was reared in Jacksonville and her friends are many among young people of the city. Mr. Lee is known to a number here. He was reared in New Berlin and for a short time was a Jacksonville resident.

J. W. Bowen Has Birthday Celebration.

A company of friends gathered Wednesday evening at the home of Mr. and Mrs. J. W. Bowen, 403 Lincoln avenue, to do honor to Mr. Bowen on the occasion of his sixtieth birthday anniversary. Mr. Bowen's birthday falls on April 28, but Wednesday was selected as a convenient date for the observance. Games and music afforded amusement for the fifteen guests. Light refreshments were served. Mr. Bowen was presented with a handsome Odd Fellow emblem as a token of appreciation.

Fight lasted until after dark. Impossible to tell definitely loss on Villistas. Dodd's column when previously heard from was at Penasaschie on the 17th. Country reported very rough. March made over difficult mountain trails. Villistas reported under leadership of Cervantes, Rios, Baca and Dominguez, numbered 150 to 200. Baca reported killed yesterday Santa Tomas. Do not give entire credit to report of his death. Our killed at Tomasaschie were Ralph A. Raw, saddler, Troop L, Seventh Cavalry; Private Oliver Bonshoe, Troop H, Seventh Cavalry; wounded, Thomas Henry, Seventh Cavalry; Tillman T. Mathias, Troop L, Seventh Cavalry. Dodd returning to Minaca. A second dispatch from General Funston follows: "Late reports from Colonel Erwin states that on the 29th, instant, scouting party from his command encountered small body of Villistas near Coccomorachic and mortally wounded four. Wounded in Dodd's command doing well and none expected to die." Obregon's Whereabouts Uncertain San Antonio, April 26.—Uncertainty regarding the whereabouts of General Obregon and failure to receive from the war department instructions as to this conference with him, caused General Hugh L. Scott and General Funston to abandon tonight their plan to go from here to the border before tomorrow. By morning it is believed they will have information indicating where General Obregon will meet them for the conference and by the time they get there the war department will have forwarded instructions.

LAST RITES FOR MRS. E. S. VORBECK AT FRANKLIN METHODIST CHURCH

Rev. F. A. McCarty in Charge of the Service—Funeral is Attended by Hundreds of Sorrowing Friends—Six Ministers Assist.

Impressive funeral services for Mrs. Edward S. Vorbeck were held Wednesday afternoon at 2 o'clock at the Methodist church in Franklin. The service was in charge of the Rev. F. A. McCarty, superintendent of the Jacksonville district, and was one of the largest funerals which has been held in Franklin for many a year. Six pastors, associates of Mr. Vorbeck in the Methodist ministry, served as honorary bearers. The place of Mrs. Vorbeck in the church life was a large one as long as health remained, and the position won by her in the hearts of Franklin people was well attested by the gathering of so large a concourse of sympathetic friends.

At the pastoral residence a prayer was offered by the Rev. N. R. Johnson of Waverly. At the church the Rev. McCarty was assisted by Dr. H. C. Gibbs of Decatur, a former district superintendent of Mr. Vorbeck; Rev. J. S. Smith of Waverly, and the Rev. W. W. Theobald of Jacksonville. Dr. Gibbs gave an appreciation of the life of Mrs. Vorbeck as he knew her in Georgetown. An obituary sketch was read by Rev. Mr. Theobald and the scripture reading was given by Rev. Mr. Smith. The Rev. C. S. McCollom, pastor of the M. E. church at Murrayville, was in attendance, as was William Cook of Murrayville, Mrs. J. A. Frazier and Miss Julia Ramey of Georgetown. The six named as honorary bearers were Dr. Gibbs, the Rev. Silas Wakefield of Georgetown; Rev. W. E. Keenan of Franklin and Rev. Messrs. Theobald, Johnson and Smith. Music was furnished by the church choir. The flowers, brought by friends in ample profusion, were cared for by the Misses Maude Criswell, Ruth Tulpin, Ethel Whitlock, Winifred Keplinger, Edith Clark and Mary Wright.

Burial was made in Franklin cemetery and the commitment service was in charge of Rev. Mr. Johnson and Rev. Mr. Smith. The bearers, members of the official board of Franklin M. E. church, were George Brown, William Douglas, M. B. Keplinger, Frank Miller, C. W. Olinger and W. C. Cathoun.

RIVER HIGHEST AT LA CROSSE IN NINETEEN YEARS; STILL RISING

LACROSSE, Wis., April 26.—The Mississippi river tonight is the highest at Lacrosse in nineteen years and still rising. Fifteen families were forced to move during the day from farms on the lowlands near the city. Two bridges in the city limits have been pronounced dangerous and closed to traffic. Dozens of farmers are marooned in their homes.

The flood has damaged the Chicago, Burlington & Quincy right of way between Prairie du Chien and Winona to the extent of \$100,000, it was estimated tonight.

Flat boats and barges are being used to take livestock from bottom lands.

River Continues to Rise Winona, Minn., April 26.—Only the work of numerous men today in reinforcing the banks of railways and dikes, prevented the overflowing of thousands of additional acres of land adjacent to the swollen Mississippi river. The stream continued to rise rapidly today and is at an almost unprecedented stage of sixteen feet above the low water mark.

RECONSTRUCTION OF DYESTUFFS INDUSTRY IS NEAR SOLUTION

BOSTON, April 25.—The problem of reconstructing the dyestuffs industry in this country to insure a regular supply for the textile trade is near solution, according to speakers at the opening sessions of the National Association of Cotton Manufacturers today. Edward S. Chapin of this city commissioned by the association to study the conditions caused by the war reported his belief that the situation could be worked out domestically to the satisfaction of all industrial demands.

Herman A. Metz of New York, discussing the German government's announcement of release of 15,000 tons of dyestuffs for this country, said there were still difficulties in the form of a British permit for transportation and the obtaining of American ships to carry the cargo in the way of early delivery.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Olive Tablets.

Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, and disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immediately effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

He Removed the Danger Signal

Frank W. Sherman, Laconia, N. Y., writes: "I suffered with kidney troubles had a tired feeling in my back, did not have any ambition and felt all tired out. I used Foley Kidney Pills and in a few days began to feel better, and now I have entirely recovered and have had no return of my painful symptoms."

One cannot help becoming nervous and feeling tired and worn out when the kidneys are diseased and the system of the poisonous waste matter that causes kidney troubles and bladder ailments.

Backache is one of Nature's danger signals that the kidneys are clogged up and inactive. It is often followed by rheumatism, annoying bladder or urinary disorders, puffy swellings under the eyes, swollen ankles and painful joints.

Foley Kidney Pills get right at the source of trouble. They invigorate the kidneys to healthy action and when the kidneys properly perform their functions the poisonous waste matter is eliminated from the system.

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podyphyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santalax Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing your headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's tablet package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santalax Remedies Co., 802 Madison Ave., Covington, Ky.

PRESIDENT JAMES ADDRESSES ST. LOUIS BUSINESS MEN'S LEAGUE

Asserts United States Needs not only Preparedness for War but also a Preparedness for Peace.

St. Louis, Mo., April 26.—President Edmund J. James of the University of Illinois, in an address before the Business Men's League of St. Louis today said that the preparedness which the United States needs, is not only a preparedness against war, but also a preparedness for peace.

"A national economic policy," he said, "should be directed toward developing all the strength and power of our people, individually and collectively, and to the adequate and wise exploitation of our national resources. We should by such a policy greatly increase the value of our national assets. This means that we must think in terms of the nation, and no longer merely in terms of the city or state. We must have a national policy directed toward this fundamental end of developing all our economic resources in the people and in the land."

"The greatest asset of any people is the human beings which make up the nation, and on their adequate development, more than on any other one thing, depends the wealth and prosperity of a nation. We must have a national policy, for state legislation in this field is inadequate, directed toward preserving the health of the women and children of the country by forbidding their employment under conditions prejudicial to their health. We must accompany this by a system of education which will take adequate care of the children thus driven out of the industries and in many cases to the streets, and fit them by proper training for the callings they wish to follow."

"We must work toward a national policy which will forever banish that constant and deadening fear of lack of employment, inability to work, thru accident or sickness, and poverty arising from old age and feebleness which rests like pall upon such a large percentage of our people. We must organize and administer a system of courts which will secure justice for the poor and defenseless, as well as for the rich and powerful."

The so-called working classes of our countrymen form the greatest single asset of the nation, and every effort should be put forth to preserve a body of healthy, vigorous, trained and ambitious working men, as the basis of our national prosperity. Under no conditions should we let the standard of life of the American laboring men sink below the present level, and every effort should be put forth to raise it still higher.

"On the other hand, we must plan systematically to develop and train our industrial, political and social leaders. In no respects do nations differ more than in their ability and willingness to follow, true leadership. And this ability and willingness are an absolute condition of the highest type of civilization, and in no form of society are such leaders more necessary than in a democracy. We should put no shackles upon their free developments which are not imperatively demanded in the interest of the whole people."

"The American people have made up their minds to control Big Business in the interests of the community, and to indicate the lines within which it must act. There will be no reversal of this policy as a policy, no giving up of this ideal as an ideal. But much of the half-baked legislation of the last few years has been a source of damage to the community without resulting benefit. It is our well-meant and perfectly proper endeavors to prevent the abuses of large and small business we paralyze the initiative enterprise of the American business man and teach him to look hesitatingly and inquiringly at the government for assistance and advice before undertaking any enterprise of moment, we may and by having no business at all. The shackles must be removed from American enterprise and energy if the highest interests of the laboring man as well as other classes in the community are to be secured. Our laws must be certain, and interfere as little as possible with that liberty of action and thought which is the strength of democracies, whether in industry or politics."

"We must plan and adopt a well-founded scheme for the development of national industry which will find its mainstay in the exploitation of the magnificent natural resources, which are our heritage. We must conserve for the people and for posterity this vast deposit of primeval wealth, and the general policy of conservation already adopted will undoubtedly be extended and maintained. But true conservation does not mean non-use, and every effort should be exerted to put the natural resources to their natural use by increasing thru private and public agencies the wealth and power of the nation."

OLD JACKSONVILLE

War-Time Munificence

By Ensley Moore.

Member Illinois State Historical Society.

As the Civil War wore along, its necessities called forth an organization known as the U. S. Christian Commission, of which Mr. George H. Stuart, of Philadelphia, was President.

In those days William Reynolds, a leading business man of Peoria, greatly interested in Sunday Schools was drawn into the support of the Commission.

Marshall P. Ayers, then president of one of the two banks of Jacksonville, and a very successful Sunday School superintendent, had become acquainted with Mr. Reynolds. Perhaps this fact brought Mr. Reynolds here, with Chaplain Charles C. McCabe—afterwards a bishop of the Methodist Episcopal church—and the two addressed an audience in Strawn's Hall, Sunday, June 5th, 1864. The result of their addresses, and of Mr. McCabe's singing, was a collection of \$2400.

A day or two later, enroute to Springfield, Messrs. Ayers Reynolds and McCabe met Mr. Jacob Strawn, our great farmer, and got a good subscription from Mr. Strawn, which brought about what is now called a "whirlwind canvass" of Morgan county, the details of which are fully given—together with proper credits, in the subjoined report by Mr. Ayers.

In order that present day readers may form some idea of the feast to which Morgan county was invited—and to pay for—the following scrap is introduced. It shows who Chaplain McCabe was, and how he got his power of entrancing an audience.

The newspaper scrap told this story—apparently it was editorial, but the name and date of the paper was not preserved. It was certainly good reading and fits in an explanatory way with the subject of this present article. The scrap reads:

Memory retouches pictures, that have a fadeless beauty. Such was the second anniversary of the Christian Commission, held in the hall of the House of Representatives (Washington), during the War. Vice-president Hamlin presided. The great hall was densely packed. Speeches were made by distinguished soldiers, philanthropic civilians, and delegates from the Commission, just in from administering to the wants of the wounded, sick and dying, in field, camp and hospital. Tender sympathy and patriotic fervor was pictured on the face of every listener. George H. Stuart introduced Chaplain McCabe, just released from Libby prison; where he had dragged out weary months in want, privation and suffering. Closing his speech he sang the "Battle Hymn of the Republic." "Mine eyes have seen the glory of the coming of the Lord," to the tune of "John Brown," the audience making the hall ring with deafening applause. After the next speech, Mr. Hamlin rising, said he had received a note from a gentleman, which he read: "I want that hymn sung again. Let the audience rise, and sing the chorus. A. Lincoln."

The reading was followed by cheer upon cheer. McCabe came forward, and said he was glad of another opportunity to deliver a message, committed to him just as he was leaving Libby prison, from a soldier boy who had worn out fourteen months amidst rain, sleet and vermin. He asked, "Will you see the President?" If so, said he, "tell him I am one of the poorest soldiers in his great army; that I have spent fourteen months in prison. But say to him for me 'Mr. Lincoln, don't you back down one inch from your position on the exchange of prisoners. We will bear it all, suffer all and die, rather than injustice shall be done.'" "And here," said Mr. McCabe, "Mr. President, in the presence of this vast assemblage in the Capitol of this great nation, I, sir, bring you tonight this message from one of the poorest soldiers in your great army." The effect was electric. The great audience rose to their feet, the air was full of hats and handkerchiefs, and the scene beggared description. It was long before order was restored, and McCabe sang as never before, the great audience standing and joining in the chorus, "Glory, Glory, Hallelujah," and the tallest, loudest, grandest, noblest, of all the singers was Abraham Lincoln. The scene will never be forgotten by those who witnessed it."

And this returned Libby prisoner, McCabe, it was who canvassed Morgan county, telling of his experiences and singing the war-time songs. Morgan county never saw its equal in patriotic interest before or since. People who heard Jenny Lind never grew tired of telling of it. Those fortunate enough to hear Christine Nilsson can never forget her perfect tones. But those who heard McCabe sing in the country churches or schoolhouses of Morgan county had the experience of a life time.

At that time Mr. McCabe had the blackest of hair, and eyes to match, "like battle lanterns lit," and with his still pallid face, and the feeling of what he had been through, his appeal was magnificent, his singing unforgettable. Thirty or forty years afterward, Bishop McCabe was in Jacksonville, but while his eye was not dim, his hair was whitened, and his activities of life had quenched the fiery nature.

The following was Mr. Ayer's report, probably made about Sept. 1st, 1864. It is very questionable if, during the War, any county in the nation of no greater wealth made such a contribution to the relief of the sick and wounded soldiers. The Journal said:

"Christian Commission in Morgan County."

The following communication from Mr. Ayers will be read with interest. It will be proper to say that to the efforts of Mr. Ayers the success of the records is greatly due. He worked with a devotion, energy and success characteristic of himself in all he undertakes:

Mr. Editor:—In obedience to the expressed wish of yourself and numerous citizens of Morgan county, I have prepared a brief report of the labors of Wm. Reynolds, Esq., and Chaplain McCabe, in behalf of the U. S. Christian Commission in our county, and the success that attended their efforts.

Tuesday, June 7th, these brethren had an interview with Jacob Strawn in Springfield, and after presenting to him the claims of this organization, he very promptly said: "I will give you this sum now and unconditionally, but if you will get the citizens of Morgan county to contribute ten thousand dollars, I will then make my contribution \$10,000 also," and then handed his check for five hundred dollars. When asked whether he would not modify his proposition, and say that he would make his contribution \$5,000, provided the county would give that sum, he said, in his own emphatic and business like style, "that he had made his offer."

This seemed a large amount to be raised, but the proposition was finally accepted in full faith that the amount would be secured.

For Messrs. Reynolds and McCabe several of our citizens of Jacksonville and vicinity made a program of appointments at various places in the county, and issued a printed circular, calling the attention of the people to the U. S. Christian Commission, and in various ways aided materially in preparing the people for a just appreciation of the cause, and a hearty response to the call.

It may now read rather calculating, and somewhat too businesslike for so truly benevolent an undertaking, but this canvass of the county necessarily partook of both features, more or less, and it was determined that the amount must be secured, and that too, in ten days of labor; and those who attended the meetings will testify that the process was successful and that the generosity of the people had not been overestimated.

Eleven meetings were held in the midst of harvest, at a time when labor was difficult to obtain, and the grain ripening in the fields beyond the capacity of the farmers properly to secure it. To have such gatherings of people, at such a time, is more than creditable to our citizens; it is a high honor, and cannot be too highly appreciated.

I cannot forbear to say, moreover, that such a kindly reception and such wholesome contributions were never given before to any cause presented to the people of our county. Party feeling, sect and everything that usually divides, were lost sight of, and there seemed to be an exhibition of the better traits of human nature, and for this let us thank God. The cause of the country and the interests of the soldier are dear to the people, and whatever may have been accomplished peculiarly, it is only a small part of the result. It has developed loyalty, Christian patriotism, and warm hearted generous philanthropy.

Many incidents of an interesting character might be given, showing how cheerfully and enthusiastically contributions were made. True, very few went to the meetings having the expectation that they would contribute as largely as they did, but that was simply because the subject had not been fully before their minds, but we have yet to find a contributor who regrets that he was present and gave so liberally, on the contrary, they have expressed their gratitude for the privilege of hearing and giving.

The question has been asked why certain places were not visited. It was because the appointments were made so as to reach all parts of the county in the fewest meetings and in as much as the program contemplated the completion of the undertaking in ten days some places were necessarily omitted.

The first meeting was held at Prentice, July 6th. The amount contributed \$1330.00

erable addition, but having no statement of their amount we cannot say how much.

Up to this date the amount contributed is over eleven thousand dollars, and it is proper that the statement should be made in this report that any person wishing to add to the amount already obtained may hand their funds to me.

The impression obtains with some that, having secured the ten thousand of Mr. Strawn there is no further use of contributing. The amount required for the Christian and Sanitary Commission is not likely to be any more than supplied, though we increase our subscriptions a hundred fold. The suffering and dying are daily occurrences and should we of our abundance give monthly, it would be but a small tax upon our patriotism and humanity. Let the Government do as best it can, it cannot possibly fill the place of a Christian delegate unpaid, one, self sacrificing, who with his own hands, ministers to the soldier in the field, the camp, or the hospital. It should be said that the monies given at these various meetings came from a larger territory than would be indicated by the name of the place. The people came for miles, and in some instances were attended from a distance than from nearer, thus showing that all of the appointments were not the wisest that could have been made.

I have been requested, in connection with this report, to state something with reference to what has been given to the Sanitary and Christian Commission by Morgan County, during the last three months. Of course I can only approximate figures, but they are under rather than over the amount.

For the Sanitary Fair, St. Louis, in money and material, over \$5000. At Strawn's Hall, June 5th, for Christian Commission, \$2400.

At three meetings in behalf of Ladies' Aid Societies of the county, \$3,300.

Meeting at Strawn's Hall, July 10th, for Freedmen's Commission, \$500.

Several local charities might very properly be mentioned such as funds collected for soldiers' families, etc., but not knowing anything definite with regard to them we cannot report them.

Jacob Strawn, bal. due as by agreement \$ 9500
Citizens Morgan County, say, 11200
Add amounts above referred to 11200
Making a total of \$31,900

These additional statements have been made by request of several persons in order that wherever these facts are read they may prove a stimulus to other counties to go and do likewise.

I regret that I have not time nor

space to narrate many interesting incidents which occurred in the canvass of the county, all I can do is, to say to the citizens of our county, that whilst they have done no more than their duty, they have done a glorious work—a work which cannot be fully appreciated now. Our brethren Messrs. Reynolds and McCabe left us full of joy. May God bless them, the Christian Commission, the Soldier, and our Country.

M. P. Ayers.

Mr. Ayers had a strong vein of fun. He also had an involuntary habit of winking frequently. At the meeting at Union church, Mr. Ayers said: "Now you people all know that, as a banker, I have charge of your money, and I know just how much you are worth and can afford to give. So, when we go to taking the collection, if you see me looking at you, and winking once it means fifty dollars, if twice a hundred, and so on up."

Then we would look over the audience and be winking all the time, and the "returns" of the meeting show that he had winked very effectively.

While the meetings, or the money raised, were a blessing to the sick and wounded heroes, it was a great trip for the three leaders, and for those who had the opportunity of accompanying them to any of their appointments, and there are at least two old boys now in Jacksonville that had the delightful privilege of going to some of the meetings.

One incident of the canvass shows the interest taken by the people at large, and their spirit of real generosity. A woman rode thirty miles on horseback, to attend a meeting, so that she might give a gold dollar, which probably had been a keepsake for years.

ARRIVED IN NEW MEXICO.

Lawrence Dye writes his parents, Mr. and Mrs. Richard Dye, that he reached Silver City, New Mexico all right and already was feeling much improved. He says things are indeed primitive down there. The traveler was met by his cousin who had a broncho hitched to a buckboard. He tied on the trunk in the rear of the seat and gave the word to start and the nag jumped, it seemed, ten feet and then decided to proceed. When they reached their destination, the home of the uncle of Lawrence, they were cordially received. Not long after the uncle came in from a trip somewhere dressed in full cowboy uniform, leather boots and leggings, two six shooters conspicuously in his belt as if he were ready for a foe. Lawrence says they go armed that way all the time as they are not far from the Mexican border and all know what that means.

SCHRAM**NAPS DEFEAT SOX IN EIGHTH INNING RALLY****SCOTT HAS CLEVELAND BLANK-ED UNTIL EIGHTH.**

With Two Out Speaker, Smith, Gandil and Turner Single, Driving in Three Runs—Wambagans' Single Scores Gandil and Turner.

Cleveland, April 26.—Cleveland defeated Chicago again today, the score being 5 to 3. Scott had Cleveland blanked until the eighth. Then Howard, batting for Coveleskie, walked. The next two Clevelanders were retired but Speaker, Smith, Gandil and Turner singled, driving in three runs. Wolfgang replaced Scott and Wambagans greeted him with a single that scored Gandil and Turner.

CONCORD

Concord Rebekah Lodge No. 40 met in regular session Tuesday night and had the honor of having as their guests Mrs. Hart of Franklin and Mrs. Arthur Seymour of Murrayville. They also initiated one candidate, Miss Edith Hale and then were entertained by the Grace chapel young people giving a fine play, after which the social committee, composed of Miss Stainsforth, Mesdames Margaret Mick, Grace Silcox, Elizabeth Crouse, Cora Smith and Bessie Stevens, served dainty refreshments of ice cream and cake and as usual these observing ones were mindful of the absent members who were detained by various reasons from where they would enjoy being.

Mrs. John Yeck is quite indisposed from trouble with her right arm. Mrs. Dicy Kinney Farrar and son Vernon of Burlingame, Kans., and daughter, Mrs. Alice Covert of Wheeling, W. Va., spent Sunday with George Wooff and family.

The Easter service Sunday at 11 a. m. at the M. E. church was quite appropriate and well attended and the program attested careful preparation on the part of those training the children. Among friends from Jacksonville were Rev. Mr. Floreth and family, former pastor, and the Misses Coffman, guests of Mrs. Mecca D. Yeck, who entertained quite a company.

Julius Kinney of Loami came Sunday to Concord on business about the estate of his aunt, Miss Alice Kinney.

Miss Mabel Irving of Arenzville visited her aunts, Mesdames Thomas Titus and Edward Willard and attended the Easter services.

Miss Helen Miner, of the I. W. C. A., Jacksonville, was in Concord Thursday going to Winchester for a visit with her father and sister.

The M. P. church had for their Easter observance a missionary play given by the members of the Sunday school, which was well rendered and attended, as there was a large attendance the edifice being taxed beyond its capacity.

Mr. and Mrs. Thomas Murphy and children spent Saturday in Jacksonville.

Mrs. Ray Trainer and little daughter of Beardstown were guests of Mrs. Walter McCarty Sunday.

Miss Ruby Dewese of Joy Prairie visited Miss Irene Valentine Easter and attended the exercises at the M. P. church Sunday evening.

Miss Florence Biggs of this city has returned to her home after a week's visit with her friend, Miss Edna Kormeyer of Mercedosa.

JACKSONVILLE BALL TEAM TO OPEN THE SEASON SUNDAY

Ye Old Taverns of Peoria Will Come for Initial Game—Several Strong Teams Booked.

Weather permitting the Jacksonville team will open the local baseball season Sunday. The locals will be opposed by the Ye Old Taverns of Peoria. This team has been practicing for several weeks and already has played three games, all of which have been won. The last game on Sunday was won by a score of 16 to 4. Szidon, pitcher for the Taverns, struck out 12 men. The locals have been working out but have not had a game except a practice one with the All Stars and it looks like their work will be cut out for them on Sunday.

On May 7 the Edwards team will appear here. This team is rated one of the best teams in the vicinity of Peoria and have so far won two games. Smoky Bowen the pitcher for Edwards in a recent game worked seven innings without allowing his opponents a hit. Then as his team was safely in the lead he retired and allowed another pitcher to take up the work. On May 14, The Combinations of Peoria will come for a game.

All of these teams have been recommended to the management of the Jacksonville team by Bernie Smith, sporting editor of the Peoria Star. Smith is regarded as one of the best baseball men in the state. Out of all of the teams in an adjacent territory to Peoria Smith only recommended six as of class. Among these was the Chillicothe Blues and negotiations are in progress for a game with this team. Smith recommended the three teams referred to above and also recommended the Star Union of Peoria. So far the local management has not been able to arrange a date with this team as its schedule is pretty well filled.

SOME FARM THEMES.**ROAD OILING**

On every hand we hear the cry, "Oil the roads." "Why doesn't some one oil the roads and get rid of this terrible mud and slush that we are compelled to travel thru so large a part of the year?" There seem to be some who think that if our roads were just oiled most of our troubles, so far as the roads are concerned, would be a thing of the past. Many of them seem to think that if the road bosses would only go out and pour some oil on the roads the thing would be done and our trouble would be over. While we are of the opinion that, if rightly done, oiling would be a great help, we are equally of the opinion that if not rightly done it would simply be a waste of money. Even if it is rightly done, unless it is taken care of in some systematic way it will be a waste of both time and money.

To begin with, the road must be so shaped that water cannot stay on it; it must be so graded up in the center and the ditches so opened at the sides that water will run off quickly, and it must be kept in this shape, or oiling will be of little use. In fact, if we would only do the work necessary to fit the roads for oiling we would have fairly good roads, such roads as could be used by an automobile most of the time. We haven't read or heard of an expert on the oiling question but who says that before oiling the roadbed must be put in proper shape and after oiling it must be kept in shape. If this is not done we will be disappointed in the job. While we yield to no one in a desire for better roads we are not very sanguine about oiling under present conditions. Judging by the work done by the majority of commissioners of highways, we have grave doubt about its advisability and we wish to repeat if we will only put the roads in proper condition and keep them in that condition we will have good roads without oiling.—T. T. Smith, in The Farmers' Review, Chicago.

MR. ROBINSON BELIEVES

Harrison Robinson of the vicinity of Prentice was in the city yesterday attending to matters of business.

Speaking of silos Mr. Robinson says he has two which hold a large quantity of material. He says he had 22 acres of corn half of which he cut up and put in the silo and kept for roughness. He carried thru 65 cattle with the ensilage and the product of the other eleven acres for roughness and they came thru the winter in fine shape. He knew of a man who had 85 cattle to which he fed 65 acres of corn in the old fashioned way and they didn't come thru the winter in as good shape as his.

He also says the silo is a great labor saver. He has things so arranged that he easily feeds his 65 cattle in half an hour a day on an average and says if any one doubts it that he will give an exhibition at any time and thinks he might clip a few minutes from the thirty.

He mentions another fact regarding ensilage and that is, the older it grows the better it becomes. He has some two years old and when he steps into the barn with a basket of it the horses and mules at once show the greatest impatience to get at it and the cattle like it just as well.

RAIL TEAM STOPPED HERE

The Bloomington baseball team stopped in Jacksonville Tuesday night on its way to Hannibal, where it opened the season Wednesday. Evidently Darringer, the manager, is not superstitious as he had thirteen men in the party. Chief Bluejacket who used to pasture around Pittsburgh a few years ago and who jumped to the Federal league from Bloomington is back with the team.

Willard Reaches the Million Mark

On Saturday, April 8th, the total production of automobile lighting and starting batteries by the Willard Storage Battery Company of Cleveland reached the total of one million. The production in the immense factor of this company has grown by leaps and bounds during the past year since completion of the new plant.

The long experience of the Willard Company in manufacturing storage batteries is largely responsible for so many car builders making Willard their choice. That their judgment is good has been strongly evidenced by the year in and year out satisfaction reported by car owners.

This means satisfaction not only in the battery itself, but in the service which is afforded by over 725 Willard Service Stations.

To increase this owner satisfaction, the Willard Company originated a unique plan of giving free inspection, once every month to any car owner, regardless of the battery he used. This plan has worked out very successfully and has been followed by a great many other storage battery manufacturers.

WAVERLY.

George Smith, who attends University of Illinois spent the first of the week with former Waverly friends.

A number of Waverly men went to Palmyra Monday evening to be the guests of the Palmyra Commercial club at a good roads meeting in the interest of the Burlington Way.

Dr. F. S. Hayden of Jacksonville was the guest over Sunday of his daughter, Mrs. Owen Bradford.

Mrs. J. H. Boyer of Virden spent the week end at the home of her sister, Mrs. Addie Coray.

Frank Smedley of Champaign spent Sunday at the home of Mr. and Mrs. G. L. Kimber.

Mrs. J. B. Lombard was a visitor in Jacksonville Monday.

Mr. and Mrs. Fred Whitte and little daughter and Miss Docia Bradley of Chatham came Saturday for a short visit with Dr. and Mrs. G. W. Bradley.

Mr. R. M. Chilis of Palmyra was in Waverly Saturday. He was accompanied by his son, Truman, who has been visiting in Litchfield.

Mr. Frank Smedley of Champaign visited over Sunday at the home of Geo. Kimber.

Hersey Crain, August Stice, Alfred Dikis and Geo. Smith returned Monday to University of Illinois, after spending the Easter vacation in Waverly.

Fred Ragel of Illinois College spent his Easter vacation in Waverly.

Miss Marie Miller gave an Easter dinner Sunday in honor of Miss Winifred Morris of Decatur. The guests were: Misses Winifred Morris, Alice Everett, Ruth Teale, Mildred Rohrer, Dorothea Narr, Helen Wyle, Corine Rodgers, Maudie Hart, Marie Irving, Ruth Irving, and Ruth Lankton.

Mr. and Mrs. Fred Whitte and Miss Docia Bradley of Chatham came to Waverly Saturday. Dr. Bradley drove over Sunday, the rest of the party returning with him.

Mrs. Pauline Harney of Franklin is visiting with Miss Madge Lombard.

An Easter supper was held at the Congregational church Saturday evening.

Rev. Father Ryan is visiting in Springfield.

George Hale of Keysport spent Tuesday with Harry Hobaker.

Miss Bertha Miller returned Tuesday to Millikin university after spending Easter with her parents, Mr. and Mrs. James Miller.

Mr. and Mrs. John Goacker went to Springfield Saturday to visit at the bedside of their son, Thomas Goacker, who is in a critical condition at St. John's hospital.

A number of business men of Waverly attended the Good Roads Rooster meeting and banquet of the Springfield division of the Burlington Way at Palmyra Monday night. About one hundred were present, from Waverly, Palmyra, Greenfield and Modesto. At 6:30 an elegant four course supper was served, after which all adjourned to Martin's hall where addresses from the various representatives were heard. Plans for making better roads were discussed, pledges for personal work were made, and when the meeting adjourned, all were enthusiastic over the outlook for better roads this year. Those present from Waverly were: Dr. W. H. Allyn, Wilson M. Smith, A. C. Moffitt, O. A. Rohrer, Fred E. Deatherage, Robin Etter, J. H. Lankton, W. R. Turnbull, H. I. DeTurk, Owen Bradford, W. E. Swift, Thos. Gibson, W. L. Ashbaugh, Frank Beatty, W. H. Rohrer, C. P. Wilson, C. A. Carter, K. O. Deatherage, L. T. Seales, Henry Horton, Geo. Mader, C. P. Curtis and J. L. Adcock.

Following the recommendation of the investigators the governor general issued an executive order, June 3, 1916, to all health officers and presidents throughout the island forbidding the use of polished white rice in all government workshops, prisons, hospitals, and other institutions; and directing the officials having control of such institutions to see were complied with at once.

Thus it was determined that polished rice was bad food in the Philippines, even the elsewhere people could eat it as they wished.

Under date of Oct. 22, 1910, I received a communication from Dr. Harvey W. Wiley, then chief of the bureau of chemistry, Washington, D. C. Dr. Wiley, as you know, was forced to resign from the government service as a result of his activities in pursuing food frauds. It was seen that his activities were becoming a grave menace to many commercial institutions built upon a foundation of food corruption and fraud. Of that we shall learn something later.

Dr. Wiley said: "It seems to me that in this country we should not even in a small way permit a condition of nutrition which would favor the development of such a disease as beri-beri or some other disease due to the debasement of rice from polishing."

"Rice is becoming a more general diet in this country and the dealer who first begins the campaign for pure, unadulterated rice will promote the cause in a commercial way which will do much toward protecting the health of the people."

I had been calling the attention of all the wholesale grocery houses in New York City to the facts with little actual result, but upon the receipt of Dr. Wiley's communication Francis H. CHAPTER II.

Railroad Laborers, Prisoners, and Hospital Patients Fed on Polished Rice Contract Many Forms of Disease—The Same people Fed on Natural Brown Rice Thrive Indefinitely.

In feeding the two groups of railroad workers in the Straits Settlements, one of them with polished white Siam rice of best quality and the other with unpolished, natural, whole rice, every effort was made, by interchange of clothing, by personal contact, and by living in the same house, to convey the disease to the group that ate of the unpolished rice, but not a single case developed. The process was then reversed.

The group that partook of the polished rice was put on a diet of unpolished rice and vice-versa. Within another period of approximately sixty days the group partaking of the polished rice developed beri-beri, although its members had remained immune while on a diet of the natural, unrefined rice.

The results of these experiments were further confirmed in Manila by the use of rice polishings. In the treatment of acidosis, the victims of which showed immediate improvement in their condition, and, except where the disease was too far advanced, permanently recovered when the mineral salts, colloids, and vitamins removed from the white polished rice were restored to their diet.

In view of the evidence upon which the etiology of the disease was established a recommendation was made to the governor general of the Philippine Islands to forbid the use of polished rice in public institutions.

In the quarterly report of the Bureau of Health of the Philippine Islands for the first quarter of 1910 appeared this statement:

"It is hoped by this means not only to eradicate the disease from such places, but also that it may serve as an educational factor in disseminating knowledge as to the method by which such disease may be avoided."

Following the recommendation of the investigators the governor general issued an executive order, June 3, 1916, to all health officers and presidents throughout the island forbidding the use of polished white rice in all government workshops, prisons, hospitals, and other institutions; and directing the officials having control of such institutions to see were complied with at once.

Thus it was determined that polished rice was bad food in the Philippines, even the elsewhere people could eat it as they wished.

Under date of Oct. 22, 1910, I received a communication from Dr. Harvey W. Wiley, then chief of the bureau of chemistry, Washington, D. C. Dr. Wiley, as you know, was forced to resign from the government service as a result of his activities in pursuing food frauds. It was seen that his activities were becoming a grave menace to many commercial institutions built upon a foundation of food corruption and fraud. Of that we shall learn something later.

Dr. Wiley said: "It seems to me that in this country we should not even in a small way permit a condition of nutrition which would favor the development of such a disease as beri-beri or some other disease due to the debasement of rice from polishing."

"Rice is becoming a more general diet in this country and the dealer who first begins the campaign for pure, unadulterated rice will promote the cause in a commercial way which will do much toward protecting the health of the people."

I had been calling the attention of all the wholesale grocery houses in New York City to the facts with little actual result, but upon the receipt of Dr. Wiley's communication Francis H. Leggett & Co., with which wholesale grocery house I was then connected, decided to restore natural brown rice to the people. It was evident to that commercial institution that physiologists were beginning to recognize that or-

ganic compounds of phosphorus and other mineral salts are essential to the health and well-being of man and any sincere commercial efforts to keep pace with these scientific discoveries promised to prove a good business policy.

Messrs. John C. Juhring, Theodore F. Whitmarsh, and Charles T. Ward of the Leggett company manifested no little interest in the fact that man, unlike the plant, is unable to manufacture his own organic compounds of phosphorus from inorganic phosphorus.

The comments of Dr. Alexander Bryce of Birmingham, England, to which their attention was called, in this respect made a profound impression upon them.

"It is even probable," declares Bryce, "that a daily supply of the different compounds of organic phosphorus is necessary in the food, as no proof exists to show that neucins, lecithins, or phytins are capable of being substituted one for the other."

In his experiments Schauman had shown that polished rice, which induces tropical beri-beri or even the ship variety of beri-beri arising among the crews of sailing vessels forced to live on food deprived of its organic mineral compounds, will produce polyneuritis in fowls.

Schauman proved that polished barley and white wheat flour can induce the same disease. He also showed that by demineralizing foodstuffs of any kind thru the action of solvents or by the destruction of their vitamins thru high temperature the same disease can be induced.

These wholesale grocers, taking into consideration these facts and the further fact that physicians are unable to supplement the mineral deficiency of food with inorganic minerals, recognized that beri-beri, or acidosis was simply an extreme state of mineral starvation and that between perfect health and beri-beri there are a hundred mile-posts, each one representing another advance into the barren desert of disease and death.

They examined all the evidence indicating that certain food products, rich in organic compounds or phosphorus and other mineral elements, (peas, beans, wheat bran and germ, barley polishings, rice polishings, corn germ, etc.) when added to the demineralized foodstuffs are capable of preventing the development of any diseases and can cure them when present. As a result they determined to make natural brown rice a feature of their business.

Arrangements were made with Texas millers to supply them with a high grade of natural rice. This rice was picked in one pound cartons. It was given to me to coin a name for it. I labelled it "Premier Natural Brown Rice."

Notwithstanding the reform which this new rice represented and notwithstanding its marked superiority in flavor and nutritional value, the people with their customary indifference ignored the innovation and the reform product was eventually sold as chicken food.

It is now six years since Juhring, Whitmarsh, and Ward undertook to demonstrate the necessity of such reform. The fact that they then lost several thousands of dollars in their effort does not in any manner minimize the trade importance of their progressive conduct.

Their first experience with food reform, as reflected in natural brown rice, was a failure, but the New York public has been enlightened since that failure, and to-day another and more cheerful story is being told.

I do not overexpress my convictions, based on long experience with the facts when I say, that the telling of this story, still but partly told, from coast to coast and from Canada to Mexico, will, if it is heeded, result in the birth of a new nation.

AMERICA SURPASSES GERMANY

Cleveland, April 25—Prior to the war abroad, Germany produced practically all of the oil of mustard used. Now, the Musterole Company of Cleveland, have installed the most complete plant for the production of synthetic mustard oil. This is the only plant of its kind in the United States and the largest of its kind in the world. When put into operation, this plant broke the world's record and yield on allyl iodine.

The normal cost of one pound of mustard oil was \$1.20. Now the cost is \$2.50 a pound and not obtainable even at that price.

This new plant was designed and installed by Dr. D. Julian Block, of Chicago. Dr. Block, representing the American Chemical Society will present a paper on this particular feature at the convention of The Chemical Society at Urbana, Illinois.

Mrs. Claude Bailey returned Sunday to the hospital at St. Louis.

Mr. and Mrs. Frank Napper of Walkerville arrived Saturday for a short visit.

Mrs. Lewis and family of Roodhouse spent Sunday at the home of Mrs. Luther Ballard.

Miss Emma DeLue of Nokomis was in the city Wednesday on her way to Greenfield for a visit with her sister, Mrs. Josie Van Arsdale.

Pure in the Can—

MAKE your watchword "Purity First." Be sure the Baking Powder you use is not only pure in the can but also pure in the baking. The problem of how to bake healthfully is solved by Calumet Baking Powder.

Every ingredient used passes the government and the state pure food laws. This is a bona-fide guarantee of its purity.

INCREASE OF ADVERSE CONDITIONS FOR SEEDING RAISES WHEAT PRICE

Close Shows a Net Advance of 1/2 Cents—Corn and Oats Score Gains.

Chicago, April 26.—Higher prices on wheat resulted today chiefly from an increase of adverse conditions for seeding the spring crop, the close although unsettled, showed a net advance of 1/2 cent to 1 1/2 cents with May at \$1.14 1/2 and July at \$1.10 to 1.15. Corn gained 1/4 to 1/2 cent and oats 1/4 to 1/2 cent. In provisions, the outcome varied from 1/2 to 2 1/2 cent decline.

Bearish reactions which at times interrupted the general upward movement of the wheat market were ascribed in the main to a renewal of uneasiness regarding the diplomatic outlook. The large stocks of wheat in sight and the fact that foreign buying seemed to be confined temporarily to future options tended also to handicap the bulls, especially in the last half hour of the session.

Reports of large sales to the seaboard lifted corn. It was said that at Kansas City in the last three days 1,500,000 bushels had been disposed of to the east and that Liverpool was paying prices equal to 90 cents per bushel at the seaboard in the United States.

Oats were governed by the action of corn and wheat. Most of the business consisted of changing speculative holdings from May to July.

Realizing sales in lard had a depressing effect on the provision market. The incentive appeared to be lower prices on hogs.

STOCKS RELINQUISH MUCH OF GROUND GAINED EARLY IN WEEK

Professional Selling of Specialties and Some of the More Standard Stocks Is Resumed.

New York, April 26.—Much of the ground regained by the market in the early days of the week was relinquished today, when professional selling of specialties and some of the more standard stocks was resumed. Among traders, to whom the narrow operations of the day were largely confined, sentiment seemed to undergo a reversal of its recent moderate optimism. Germany's procrastination, developments in the field of labor, and other unfavorable protests contributed to this state of mind. Irregular price changes marked the initial dealings, the movement became more heavy as offerings increased. Munitions, Mexicans, equipment and sundry industrial stocks receded steadily under pressure, selling again concentrating around Baldwin Locomotive, Crucible Steel and Mexican Petroleum.

Coppers were disposed to harden at the outset with United States Industrial Alcohol and Distiller's Securities furnished such doubtful support as the market then received.

Rails were increasingly heavy. New Haven hanging to yesterday's setback with free offerings of St. Paul, Canadian Pacific and Erie.

United States Steel's course was a disappointment to those who expected that yesterday's remarkable quarterly statement would prove of benefit to that stock. Steel at no time approached within reasonable distance of its maximum of the preceding session and closed at 82 1/2, a net loss of 1 1/2.

Total sales of stocks amounted to 520,000 shares.

EXPANDING THE CHEST.

Proper Attitude to Assume During Breathing Exercises.

It has been the popular belief that when exercising certain arm movements during inspiration, such as holding the arms up, expand the chest and enable it to take in more air. According to Dr. James Frederick Rogers in an article in the Medical Journal, this is not the proper thing to do. He tested fifty persons of both sexes, ranging from sixteen to forty years of age, measuring carefully the quantity of air inspired when elevating the arms, as usually taught, and when standing still with the arms hanging loose. He found that in no single case did the arm movements increase the quantity of air inspired, but in many they actually decreased it. He also found that standing naturally is more conducive to deep breathing than lying flat or hanging by the hands.

"The raising of the arms," he writes, "does apparently increase the measurements of the upper parts of the chest, but the increase is due to the change in the position of the muscles in this region and to their contraction of stretching, which causes them to stand out from the thorax. For the muscles which lift the arms forward or side-ward or upward have nothing to do with the lifting of the ribs, and consequently no special effect upon the depth of inspiration.

"With very deep inspiration there is a drawing backward of the head and a straightening of the thoracic spine. In other words, the assuming of a very erect posture and, if any exercises are to be carried out as aids to deep intake of air, it seems that the drawing backward of the chin and the assumption of the most erect standing or sitting posture would be most useful as an aid or accompaniment of deep breathing."

HE GUESSED RIGHT.

Now See if You Can Tell Which Fair One He Selected.

A certain Turk, according to the story, was once married to a veiled lady in white in the presence of the sultan. As soon as the ceremony was concluded the bride mysteriously disappeared.

The groom was led into an adjoining room, where stood twelve ladies all dressed in white, but without veils. "Choose from the twelve," exclaimed the sovereign, "her that is your bride." As the man had never seen her face the command bewildered him.

"If you make a mistake," added his majesty, "your life shall pay the forfeit."

The poor man walked up and down the row of beauties, but saw nothing whatever to aid his choice.

"You have only a minute left," yelled the sultan in anger. "Choose at once!"

Ten of the ladies, the man noticed, gave him nothing else than a stony stare. One of the remaining two frowned, the other smiled. "The frowning one," he thought, "is my bride, for she expresses her displeasure and impatience at my ignorance. 'No,' he said to himself; 'it must be the smiling one, for she desires to invite me to her.'"

After debating the subject in his mind until his time was up he boldly made a selection from the two. He was successful. He had regained his bride. Which was she—the one who frowned or the one who smiled?

Machine Guns.

Machine guns are really rifles with a mechanical feed, which supplies them rapidly with cartridges. In all modern patterns they are automatic in action. The gas produced by the explosion or shock of the recoil opens the breech, ejects the spent cartridge, loads the rifle, closes the breech and fires the charge. These complicated operations are carried out with extraordinary speed. To give an example: The Maxim can fire at least 450 rounds a minute, or more than seven shots per second, and if in exceptionally good order and cleverly operated can discharge 900 rounds a minute.—London Tit-Bits.

The River Tigris.

The river Tigris appears in the book of Genesis as Hiddekel, one of the four "heads" into which the river of Eden was parted. The name by which we know it does not exactly "mean" tiger, for the correct way of putting it is that both "tiger" and "Tigris" mean in Persian swift as an arrow. "Euphrates" is a Greek version of the Persian Hufrat, which signifies "the good abundant" and represents the old Asiatic Bar or Purat, akin to our verb "pour."

Long Lived Tennysons.

The Tennyson family was noted for its longevity. Miss Matilda Tennyson died in her ninety-ninth year; Charles was seventy-one at the time of his death; Mary, seventy-four; Emilia, seventy-eight; Alfred, poet laureate, eighty-three; Frederick, ninety-one; Arthur, eighty-five; Horatio, eighty, and Cecilia, ninety-two.

Oats—Unchanged; No. 3 white, 43 1/2 to 43 3/4; No. 4 white, 42 1/2.

TOLEDO SEED MARKET.

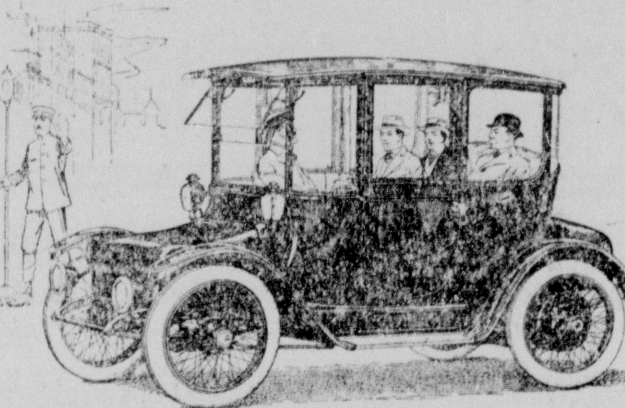

Toledo, April 26.—Clover seed—Prime cash and April, \$8.40; October, \$8.52 1/2.

Detroit Electric

The Detroit Electric has proved its place and prestige

Top place in the "all-year-round" car class must be accorded the Detroit Electric.

No one questions that now. The evidence is only too clear.

Last year every third electric car sold was a Detroit Electric.

Now nearly one-half of all buyers of electric-powered automobiles select the Detroit Electric in preference to any other.

The opinion of a few may be in error, but the opinion of a majority is usually correct.

That fact fixes its supremacy. For the verdict of sales is final.

These latest Detroit Electrics—the 1916 models—are the finest cars we have ever built. In them are embodied all the experience gained through nine years of building the world's leading electric cars.

Strong claims for Detroit Electric performance are easily proved by a practical road demonstration.

TOWNSHIP TRUSTEES WILL ACT SOON IN SCHOOL MATTER

John M. Butler Retained to Determine Course of Procedure Necessary—Court Notice Received Last Saturday.

There were no special developments in the local school situation Wednesday other than the statement by township trustees that they had employed John M. Butler as attorney to take charge of the preliminary work in defining the boundaries of the school district. All of the trustees, William Crawley, C. E. James and Frank Winger, are farmers and are especially busy just now and have had no experience in the action which must be taken in the present instance.

In order to be certain that the proper formalities are carried out it was determined to secure an attorney to handle the case. It will probably be only a few days until Mr. Butler has outlined the action which the trustees must take and then the boundaries of the district will be designated. The formal notice of the supreme court's action, E. M. Dunlap township treasurer, said last night was not received by the trustees until last Saturday noon so that the ten day limit will not expire until next week.

AN ATTRACTIVE ADDITION.

One would suppose that three fronts and three stories would have about as large a stock of goods as can wisely be carried by a Jacksonville merchant, but Andre & Andre have seen fit to add materially to their floor space by having a large part of the basement concreted and put in shape as a show room for summer furniture. The place is well lighted by electricity and is quite attractive and the goods displayed there are of the good quality usually carried by this firm.

Immediately adjoining is the department for linoleums of which the firm has a car load or two and that part is also well fixed for business and the goods are attractively displayed.

Solomon Hart of the vicinity of Frank in was a caller in the city yesterday.

STUBBORN ECZEMA HEALED BY AMOLOX

We are daily receiving letters of praise from people who have been cured by Amolox. Many of them tell how, for years, they have tried different remedies and doctors in the vain effort to find relief. Some become discouraged and lose all hope of ever being cured. E. R. Frisbie, 187 Sycamore St., Mansfield, O., writes: "My baby's face was covered with eczema scales, sores and scabs. She was a pitiable sight. We tried everything. Took her to Pittsburgh doctors but were unable to find any relief until we used Amolox. It cured her within a short time."

Amolox ointment will quickly heal pimples on the face, red nose, and minor skin troubles. Chronic cases of dry or moist scaly eczema require both the ointment and liquid to effect a cure. At all drug stores. Trial size, 50¢. Recommended and guaranteed by Cooper & Shreve.—Adv.

PEOPLE KNOWN LOCALLY TO APPEAR ON MUSICAL PROGRAM

Mrs. Lois Baptiste Harsch and William Preston Phillips Will Be Heard During Coming Convention

The coming of the Illinois Music Teachers' association which will be held here next week has added interest from the fact that two former Jacksonville residents will appear on the program. They are Mrs. Lois Baptiste Harsch of Peoria and William Preston Phillips.

Mrs. Harsch is the daughter of Mr. and Mrs. Louis Baptiste residing just west of the city. She was born and reared here and received her education in the schools of this city. She early evidenced unusual ability in music and graduated from the Conservatory of Music. She later supplemented this with a post graduate course at the College of Music. For a number of years she has been studying with Mrs. Fanny Bloomfield-Zeiser of Chicago. She is a member of the faculty of Peoria Musical College. Mrs. Harsch is regarded as one of the most accomplished pianists in the state and her many friends will be glad of the opportunity to hear her in recital.

The Peoria Journal of March 26, 1916, has the following to say of a recital given in the recital hall of Peoria Musical College:

"Most prominent of the many fine qualities shown by Mrs. Lois Baptiste Harsch, member of the Peoria Musical College faculty, in the playing of her program last Monday evening in Recital hall, were the perfection of technique, excellent phrasing and her general interpretation of the various numbers. A good reading of the Greig Sonata for violin and piano was given by Mrs. Harsch and Mr. Cohen, and this served as a splendid opening number to the very brilliant program which followed. Mrs. Harsch played the Schubert Moments Musicaux and the difficult Mendelssohn Variations with great poise. In the Chopin Fantasia Mrs. Harsch did her best work of the evening. It was given with much freedom of tone, well proportioned tempos and exquisite shading. The Strauss waltz with all its difficulties was rendered with ease and brilliancy. Mrs. Harsch is a pupil of Madame Bloomfield-Zeiser of Chicago."

CORRESPONDENCE OF THE ASSOCIATED PRESS

Washington, April—Illinois has wrested from Iowa the honor position of premier corn-producing State, North Dakota took Kansas' place as first wheat-producing State, Minnesota took from New York the first place as potato-producing State, Pennsylvania recaptured her place as first buckwheat-producing State which was taken from her by New York in 1914 and North Dakota took from California the banner for first barley-producing State, according to results of crop production last season. Statistics just announced by the Bureau of Crop Estimates give the five leading producing States for each of the principal crops as follows:

CORN: Illinois, Iowa, Nebraska, Missouri and Indiana, producing 42.4 per cent of the 3,054,535,000-bushel crop. In 1914 the standing was: Iowa, Illinois, Nebraska, Indiana and Missouri, producing 44.3 per cent of the 2,673,804,000-bushel crop.

WINTER WHEAT: Kansas, Nebraska, Illinois, Indiana and Ohio, producing 47.8 per cent of the 655,945,000-bushel crop. In 1914 the standing was: Kansas, Nebraska, Oklahoma, Illinois and Missouri, producing 53.2 per cent of the 684,990,000-bushel crop.

SPRING WHEAT: North Dakota, Minnesota, South Dakota, Washington and Montana, producing 90 per cent of the 356,460,000-bushel crop. In 1914 the standing was the same with the five states producing 86.4 per cent of the 206,027,000-bushel crop.

ALL WHEAT: North Dakota, Kansas, Minnesota, Wisconsin and South Dakota, producing 42.2 per cent of the 1,011,505,000-bushel crop. In 1914 the standing was: Kansas, North Dakota, Nebraska, Oklahoma and Illinois, producing 47.3 per cent of the 891,017,000-bushel crop.

OATS: Iowa, Illinois, Minnesota, Wisconsin and North Dakota, producing 47.2 per cent of the 1,510,362,000-bushel crop. In 1914 the standing was: Iowa, Illinois, Minnesota, Nebraska and North Dakota, producing 44.8 per cent of the 1,141,060,000-bushel crop.

RYE: Wisconsin, Michigan, Minnesota, Pennsylvania and Nebraska, producing 57.1 per cent of the 49,190,000-bushel crop. In 1914 the standing was: Wisconsin, Michigan, Minnesota, Pennsylvania and New York, producing 59.2 per cent of the 42,779,000-bushel crop.

POTATOES: Minnesota, Wisconsin, New York, Maine and Michigan, producing 33.6 per cent of the 359,102,000-bushel crop. In 1914 the standing was: New York, Michigan, Maine, Wisconsin, Minnesota, producing 50.3 per cent of the 409,921,000-bushel crop.

BUCKWHEAT: Pennsylvania, New York, Michigan, West Virginia and Virginia, producing 84.3 per cent of the 15,769,000-bushel crop. In 1914 the standing was: New York, Pennsylvania, Michigan, West Virginia, and Virginia, producing 84.7 per cent of the 16,881,000-bushel crop.

HAY: New York, Iowa, Missouri, California and Wisconsin, producing 29.4 per cent of the 85,235,000-ton crop. In 1914 the standing was: New York, California, Wisconsin, Iowa and Pennsylvania, producing 33.4 per cent of the 70,071,000-ton crop.

BARLEY: North Dakota, Minnesota, California, South Dakota and Wisconsin, producing 73.8 per cent of the 237,009,000-bushel crop. In 1914 the standing was: California, Minnesota, North Dakota, South Dakota and Wisconsin, producing 71.9 per cent of the 194,953,000-bushel crop.

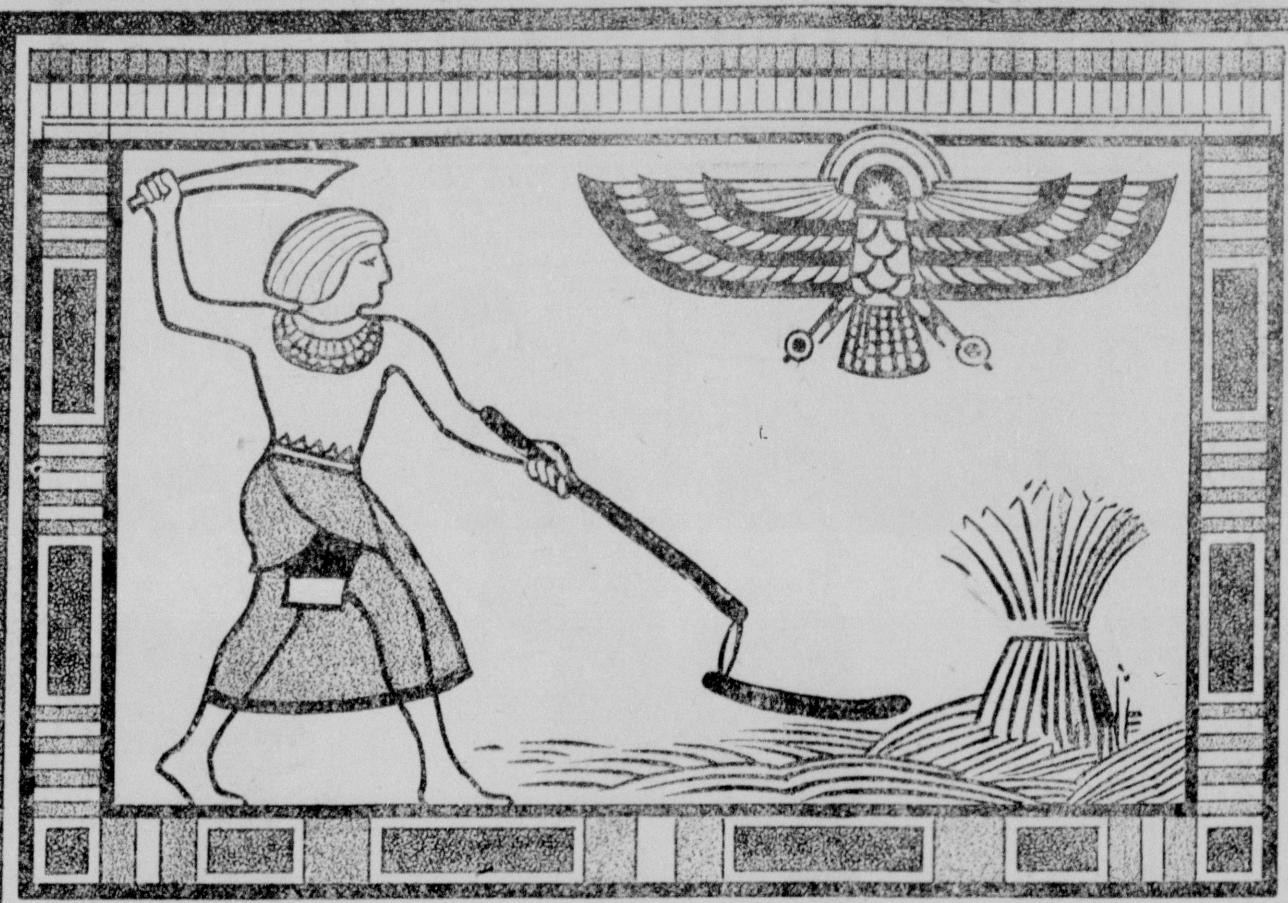

Tokio, March.—Conditions in Formosa have come up for discussion recently at committee meetings in the Japanese Diet, and there is evidence that the situation is giving the authorities some anxiety. Since Japan took possession of Formosa after the war with China in 1895, the affairs of the island have been administered by a governor-general who has had wide latitude in legislative power. The advisability of withdrawing some of this power is one of the questions now under discussion.

Dr. Ichiki, the home minister, admitted that although the recent resignation of Mr. Uchida, the civil governor and others was due to illness, they would have been compelled to resign on account of the recent rioting among the natives. The natives were different from Japanese in race and history and it was difficult to govern them. He belied the best method would be to encourage Japanese emigrants and thru them the Japanese try gradually to assimilate the natives. As for the complete putting down of riots that was extremely difficult because to some of the natives rioting is a sort of profession. The minister did not believe that the law was being abused by the governor. He saw no reason for modifying it.

A distinguished Buddhist scholar, Senjo Murakami, who has just returned after an extensive tour in Formosa says the racial relations of the islanders are extremely involved. There are the Japanese, naturalized Chinese and aborigines, the latter sub-divided into nine clans from the racial viewpoint. As for the Chinese, there is a clear line drawn between those who come from Fukien province in China and those from Canton, each party sticking to its own dialect and customs. He found the relations between them marked with sullen indifference which gave promise of no improvement. Dr. Murakami thought that the Japanese were apt to look too much upon the Formosans as a conquered people with force rather than kindness the dominating note of the treatment of the natives. He did not wonder, therefore, that mistrust and suspicion prevailed throughout the island. He recommended that the military administration should exert a dignified, paternal influence and that this influence should be supplemented by the maternal influence of education and religion.

In his opinion no one could tell whether last year's conspiracy against Japanese authority would not be repeated in the future. As a result of the conspiracy and riots referred to several hundred natives were either sent to prison or condemned to death, but the greater number of them benefited recently by the amnesty law promulgated by Emperor Yoshihito to commemorate his consecration as Mikado.

DELEGATES RETURN FROM PRESBYTERY SPRING SESSION

Credentials of Rev. E. B. Landis Were Received—Commissioners and Alternates for General Assembly Chosen—Centennial of Presbyterianism to Be Observed.

The Jacksonville delegation to the spring meeting of the Presbytery of Springfield, at Lincoln, returned Wednesday night. Those who attended the session were Rev. W. E. Spoonst, Dr. A. B. Morey, Rev. E. B. Landis, Messrs. Ensley Moore, William Floreth and W. C. Sperry. The session had many matters of interest.

Rev. E. C. Jenny, of Decatur, was chosen Moderator, and filled the place admirably. The credentials of the Rev. Edward Bryant Landis, as pastor of Westminster church were duly received and acted upon.

The following were elected Commissioners to the General Assembly—which meets at Atlantic City, N. J., in May: Rev. G. T. Gunter, D. D., of Springfield, and Rev. W. E. Spoonst of Jacksonville; ministerial alternates, Rev. Mr. Irwin and the Rev. Melvin R. Laird of Lincoln. The lay Commissioners were C. C. Frackleton of Petersburg, and Henry N. Moore of that neighborhood; with I. R. Diller of Springfield, and J. A. Petrie of Greenville as alternates.

Three candidates for licensure were approved as such, and two of them were ordained. This latter part was remarkable circumstance, and very affecting, because two brothers, Lorin H. and Chas. W. T. King were the parties, and they were sons of the Rev. Chas. A. King, who was present, and made the ordination prayer.

This is the centennial year of Presbyterianism in the state of Illinois, preceding that of the state itself by two years. In accordance with the action of the last Synod of Illinois, a committee of the Presbytery was appointed to take charge of the proper observance of this great event.

Much time and attention will be given by the Presbytery to the proper celebration of the great occasion, culminating at the meeting of the Synod in Springfield, in October next. Mr. Ensley Moore, of this city, was appointed as one of the Presbyterial committee of arrangements.

His friends here will not be surprised by the statement that Mr. Laird did his full part as pastor host to the Presbytery, and he was generously supported in the entertainment of delegates by his congregation, especially by the ladies.

CONCORD.

Mr. and Mrs. Thomas McDaniels spent the day recently at the home of their son, Lester near Merritt.

Edwin Perbix was plowing for Arthur Brockhouse recently when the team became frightened and unmanageable and ran away, hurting the driver painfully and breaking the harness and plow. One mare was thrown down and dragged some distance and finally escaped to the barn minus all gears except the collar.

Little Miss Agnes Wilker of Merd dosia, is visiting at her grandparents, Mr. and Mrs. W. F. Nergenan, who by the way are making some worth while improvements on the inside of their residence.

Mrs. Lewis Neuhiser, living some miles northwest of Concord, is quite indisposed. Her many friends wish for an improvement.

Alva Rexroat began planting corn one day last week. This is plenty early say some old farmers.

Mr. and Mrs. Lewis Meyers, of near Joy Prairie Station, motored to Concord Sunday evening to attend church.

W. C. Brockhouse took his daughter, Alma, and his near neighbor Mrs. L. F. Bayless to Beardstown and return in his car on Monday afternoon.

It is understood that Henry Northrup and family of Jacksonville will soon be residents of Concord.

Miss Rose Quigg has been employed to teach another term at the Pleasant View School.

SUCCESS

The Reason Why

Careful selection of Seed Corn first.

Careful selection of the Planter second.

The seed proposition every farmer knows. The Planter proposition is up to his dealer. So, do not pay big money for a name or for an experiment. You must have confidence in the one from whom you buy, and be sure you are getting a square deal.

Our experience in the implement trade places us at the head of the list. We buy right and we know the goods we sell are built right.

Whether interested in a planter or not, let us show you a "Complete Tool".

So easy to handle, so perfect in its work.

EDWARD KONRAD FOUND GUILTY IN MORGAN COUNTY COURT

Jury Declared He Had Sold Liquor in Anti-Saloon Territory—No Evidence Against John Konrad—Trial of Myrtle Allen Hegarty in Progress.

The sealed verdict found by the jury which heard the evidence in the trial of Edward Konrad, charged with selling liquor in anti-saloon territory, was opened by Judge Thomson in the county court Wednesday morning. The jury found Konrad guilty on two counts. The judgment of the court on the verdict has not been given but a notice of appeal has been filed by attorneys for Konrad. The trial of John Konrad, also charged with liquor selling, was then commenced and the following jury selected: Louis Caldwell, Edward Jackson, George Harris, Charles Filkin, H. W. Sheppard, William Kepler, Jacob Hosp, Edward DeBaur, Marshall Nunes, J. A. Manes, P. H. Headen, Dwight Kastrop.

This case did not occupy a very large amount of time as no direct evidence was introduced. It was sought to show by the fact that the defendant had a government license that he was guilty.

Albert McLeister, a witness for the people, did not prove a very satisfactory kind and declared he had only indistinct recollection of buying whiskey from the defendant. The only point about which he was certain was that the purchase was made so far back that it was outside the limit on which prosecution could be made. His testimony was therefore stricken and the jury was not permitted to consider it.

The jury was not long in reaching a verdict and the defendant was found not guilty. In the course of this trial Richard McGowan and J. A. Johnson were sentenced to five days in jail by Judge Thomson for contempt of court. They had been summoned as witnesses for the defense and failed to appear on time. Late in the afternoon the work of securing a jury to hear the evidence in the case of Myrtle Allen Hegarty, charged with selling liquor in anti-saloon territory, was begun. The defendant is represented by John M. Butler and State's Attorney Hargrove is assisted by W. W. Wright.

State's Attorney Hargrove said yesterday that during his term of office that he will make every possible effort to punish all offenders against the anti-liquor selling laws. Although he has in the past been the open advocate of properly regulated saloons he is also in favor of strict law enforcement and will use his best endeavors to bring the violators to justice. Mr. Hargrove is familiar with the methods used by some of the offenders to delay trial and promises to keep vigorously after all bootleggers.

FORMER JACKSONVILLE RESIDENT BURIED AT MICHIGAN HOME

Mrs. Martha Nash Died Suddenly in a New York Hospital—Family Lived Here for a Number of Years.

The Paw Paw (Mich.) Courier, a copy of which was received yesterday by C. S. Hillerby, gives an account of the death of Mrs. Martha Briggs Nash, a former resident of this city. Mrs. Nash was the mother of Rev. Eo Briggs Nash, who graduated from Illinois college in 1895. While Mr. Nash was in college the family home was in this city. After leaving Jacksonville, Mrs. Nash and her son lived in New York and Rev. Mr. Nash is now co-pastor of the Cathedral of St. John the Divine in New York City. According to the paper mentioned, Mrs. Nash passed away at St. Luke's hospital in New York City April 14, after an illness of but a few hours. She was the daughter of Mr. and Mrs. Emory O. Briggs and was born in Paw Paw, Mich., Aug. 23, 1849, and was therefore sixty seven years of age at the time of her death.

Mrs. Nash attended school in Kalamazoo and Detroit. In 1871 she was married to Charles B. Nash and for eleven years, when Mr. Nash died, the family home was in Paw Paw. It was in 1888 that the family came to Jacksonville and in 1896 they removed to the east. Mrs. Nash's death was caused from paralysis.

Funeral services were held at St. Mark's Episcopal church in Paw Paw, the services being in charge of Rev. Mr. Ivins of Kalamazoo and Rev. E. W. Hughes of South Haven. Mrs. Nash was a woman of special culture and refinement and her influence was always for the best. Beside her son she leaves two sisters, Mrs. Harriet M. Hogmire of Edwardsburg, Mich., and Mrs. Amanda Andrews, and one brother, E. Stanley Briggs, both of Paw Paw.

HUGH MAGILL IS LATEST CANDIDATE TALKED OF FOR GOVERNOR

Denoon Forces May Not Make Favorite Known Until After National Convention—Andrew Russell's Stock Going Upward.

According to the Chicago Herald, the wet and dry issue may become an important part of the contest over the Republican governorship nomination. There are two avowedly dry candidates for the office, Sheriff J. A. Wheeler of Springfield, and Mayor W. W. Bennett of Rockford. And now the story is being circulated that Hugh S. Magill, former senator and the present superintendent of the Springfield schools, is also to be a candidate. He is classed as a thoroughly dry. The Herald then goes on to say that the Denoon forces will not decide definitely upon their candidate until after the national convention in June.

Andrew Russell is credited with being a dry candidate and showing increasing strength. The paper says: "At present, the inclination of the Denoon forces appears to be in the direction of Colonel Frank L. Smith of Dwight or Andrew Russell of Jacksonville, state treasurer. Colonel Smith, who was tax manager in Illinois in 1912, has been actively canvassing the state for months, while Mr. Russell, after a gumshoe expedition to sound sentiment, has limbered his stride and come out as an avowed candidate within the last week.

"Up to the present, Mr. Smith has been considered as the man most likely to get the Denoon support but during the last few days the Russell stock has been going up. "As to the position of the Anti-Saloon League in case two or three candidates running on a dry platform solicit an endorsement, the intimation is that the league leaders will follow their old policy of swinging their strength to the man who is pledged to give them a 'square deal' and who has the best chances of election, regardless of whether he is an out-and-out dry. What they look for in recommending a governorship candidate is an executive who will not use the veto to block the legislature and who will sign anti-liquor legislation that is passed."

PETITION PRESENTED FROM FILIPINOS OPPOSING INDEPENDENCE

Many Land Owners Join in Communication to Congress Protesting Against the Jones Bill—Declare Proposed Action Would Mean Great Loss.

Washington, April 26.—Filipino property owners, proprietors of agricultural holdings aggregating twenty million dollars have petitioned Representative Clarence B. Miller, of Minnesota, asking that the Jones bill, granting independence to the islands, be defeated. Representative Miller, who made a tour of the Philippines two years ago, as a member of the house committee on insular affairs, in speaking of the petition today, said:

"The petition is significant in many vital ways. In the first place, it is an expression of the earnest wishes of a large group of responsible Filipinos. It represents the real views of a large portion of the Filipino people. I have long been convinced that the great mass of the Filipino people have been entirely ignorant of the independence agitation. Responsible property owners heretofore have not seen fit to oppose the immediate independence agitation carried on by a portion of the people because they did not think independence might come at once and were willing to let the political leaders make capital out of this propaganda. Immediately, however, upon the passage of the Clarke amendment in the senate, proposing to withdraw the sovereignty of the United States from the islands in from two to four years, the responsible people in the islands found themselves confronted with the question of immediate independence and their response is immediate.

Petitioners Are Prominent Men.

"I have had checked over the ninety-two names signed to the petition by people acquainted with that locality and I am informed these are the leading men of the two islands of Negros and Panay, as far as the agricultural interests are concerned. I am informed that these men represent about twenty million dollars' worth of property, they and their families. In addition, the sentiment which they here express no doubt represents the sentiment of practically all of the property owning Filipinos throughout the Philippine islands. It is to be noted that these men are farmers in the islands of Negros and Panay, where is produced the great bulk of the sugar grown in the islands. I consider this petition of the very highest importance, as presenting Filipino wishes that ought to be respected by the American people."

Language of Petition.

The petition is as follows:

"We, the undersigned residents and property holders of the islands of Panay and Negros, Philippine islands, and all Filipino citizens, respectfully state that it is our opinion that the passage of the Jones bill in the form that it was passed by the senate of the United States would be fatal to social progress, to the development of the commerce, industry and agriculture and to the political well-being of all the inhabitants of the Philippine islands:

"Therefore, we earnestly beg the congress and the United States government and its citizens that they suspend all action on the Jones bill, and that the question of the political independence of the Philippine islands be definitely suspended for a period of twenty years and that when this period arrives that no action as to the independence of the Philippine islands be taken without the vote of the Filipino people."
